Sustainable Development Goal 16

PEACE, JUSTICE AND STRONG INSTITUTIONS

2025

SDG 16: Peace, Justice and Strong Institutions

Swami Rama Himalayan University (SRHU) advances SDG 16 through a focus on ethical governance, transparency, accountability, inclusiveness, respect for rights, research, stakeholder engagement and collaboration with government and community organisations. Its research on peace and justice includes 19 publications since 2012, with 14 publications during 2021–2025, addressing themes such as workplace violence against healthcare workers, maternal and newborn survival policy, forensic medicine and legal frameworks, domestic and intimate-partner violence, diversity and inclusion, and institutional governance. SRHU's governance framework includes the Board of Governors, Board of Management, Academic Council, IQAC and other institutional committees, with participation of students, faculty and staff, while the Students' Council provides a structured platform for student representation. The University also works with government agencies through partnerships, policy-linked programmes, capacity building, research, healthcare delivery and community development, including collaboration with the Government of Uttarakhand under the Jal Jeevan Mission. For the law-related graduate indicator, the report records N/A, as SRHU does not offer a Law programme or have a Law College.

16.1 Research on peace and justice

Since the inception of SRHU's research engagement with SDG 16 (Peace, Justice and Strong Institutions) in 2012, the university has produced a cumulative total of 19 publications aligned with the goal. During the most recent five-year period (2021-2025), 14 publications were identified as contributing to SDG 16, representing 78.9% of the university's total SDG 16 research output since inception. Of these, 6 publications were published in 2025, accounting for 40.0% of the five-year output. The 2025 contribution, "Perspective of medical students on rising violence against doctors in a Medical College of Uttarakhand: A cross-sectional study," examines medical students' perspectives on rising violence against doctors at a Uttarakhand medical college, and provides a relevant connection to SDG 16 through themes of workplace safety within public institutions, violence reduction, and strengthening of accountable healthcare systems.

16.2 University governance measures

SRHU promotes effective, accountable and inclusive governance through its Board of Governors, which incorporates academic leadership, government representation and external experts from administration, industry, science and legal backgrounds. The University follows an open and inclusive management approach that facilitates stakeholder participation and informed decision-making by students, faculty and staff. SRHU also engages local non-university stakeholders, including government bodies, NGOs, farmers and regional organisations, through structured policies, partnerships and community-engagement initiatives.

16.2.1 Elected Representation

SRHU promotes inclusive participation and representation of students, teaching faculty and non-teaching staff through established governance and participatory mechanisms. These stakeholder groups are involved in relevant academic, administrative, student welfare, cultural, sports and institutional bodies, providing opportunities to share their views, suggestions and concerns and contribute to institutional processes**.** This participatory approach strengthens transparency, inclusiveness, accountability and stakeholder engagement across the University.

The below-mentioned table illustrates the representation of students, faculty, and non- teaching staff in various committees, cells, administrative & academic bodies:

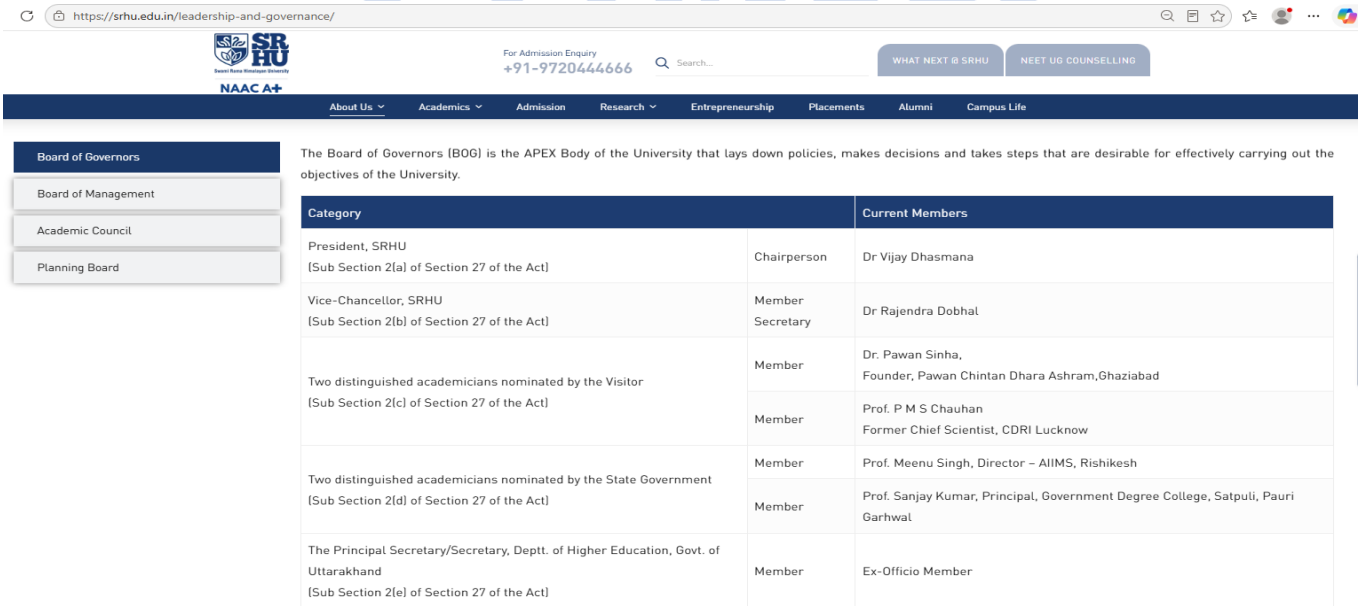

Student, Faculty, Staff representation in Committees	
Students: Students' Council; Students' Grievance Redressal Committee; Anti-Ragging Committee; Internal Complaints Committee; Sports Committee; Cultural Committee; Library Committee; Safety Committee.	Available on the SRHU website
Faculty: Board of Governors; Board of Management; Academic Council; Board of Studies; Research Advisory Committee; Research Committee; Ethics Committee; Internal Complaints Committee; Anti-Ragging Committee; Sports Committee; Cultural Committee; Library Committee; Safety Committee.	Available on the SRHU website
Non-Faculty Staff: Board of Governors; Board of Management; Internal Complaints Committee; Anti-Ragging Committee; University Safety Committee; Sports Committee; Cultural Committee; Library Committee; Ethics Committee.	Available on the SRHU website

Particulars	Status	Details
Existence of representation	Yes	Faculty, non-teaching staff, and students participate in the Board of Governors, Board of Management, Academic Council, IQAC, Boards of Studies, and various other administrative committees and cells, in accordance with the provisions of the Swami Rama Himalayan University Act and Statutes.

16.2.2. Student Union

SRHU promotes student participation, inclusivity, and good governance in alignment with SDG 16: Peace, Justice and Strong Institutions**.** SRHU does not have a formally constituted or elected Student Union; however, the University has an established Students' Council that provides a structured platform for student representation and participation. Through the Students' Council and other student-oriented committees and forums, students are provided opportunities to express their views, raise concerns, participate in university activities, and contribute to institutional development. These mechanisms support transparency, accountability, inclusive participation, and constructive student engagement in university life.

Particulars	Status	Details
Existence of recognition	Yes	The Students' Council comprises 20 members, including the office bearers, as per policy srhu.edu.in/wp-content/uploads/2023/12/Policy%20for%20Students'%20Council.pdf

9. **Activities of Students' Council:**

9.1 The Council is meant for helping in Development & Welfare of students in the University. The Student Council acts as an umbrella for planning, organizing and the smooth functioning of supportive academic & nonacademic activities which helps students not only in recognizing, portraying their talents but also in honing the same.

9.2 The Council helps students by way of creating a platform for engagement in various activities/ events targeted towards their overall development:

9.2.1 The Council will encourage students to engage in peer to peer mentoring, co/extra-curricular activities etc. for their psychological, physical & overall well being.

9.2.2 The Council will ensure participation of students in Career Guidance and Placement Cell and overall professional development training programs.

9.2.3 The Council will propagate Information about freeships and scholarships from institutional & external sources.

9.2.4 The Council will make efforts for students' contribution towards the University Magazine and other important academic & other events.

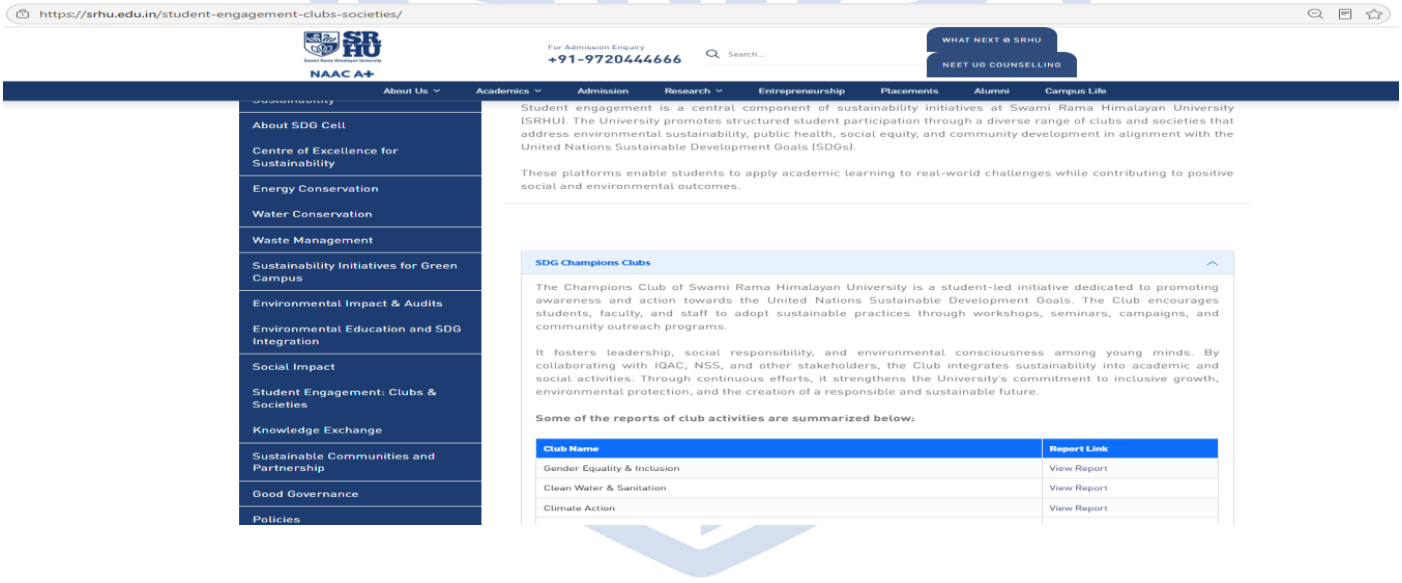

9.2.5 The Council will motivate students in engaging in outreach community health & other awareness activities/ services.

9.2.6 The Council will work towards a clean campus and green campus.

9.2.7 The Council will strengthen Alumni participation and contribution to the Institution and also organize time to time fund-raising events.

9.2.8 The Council will help the institution in its brand enhancement.

Student engagement is a central component of sustainability initiatives at Swami Rama Himalayan University (SRHU). The University promotes structured student participation through a diverse range of clubs and societies that address environmental sustainability, public health, social equity, and community development in alignment with the United Nations Sustainable Development Goals (SDGs).

These platforms enable students to apply academic learning to real-world challenges while contributing to positive social and environmental outcomes.

SDG Champions Clubs

The Champions Club of Swami Rama Himalayan University is a student-led initiative dedicated to promoting awareness and action towards the United Nations Sustainable Development Goals. The Club encourages students, faculty, and staff to adopt sustainable practices through workshops, seminars, campaigns, and community outreach programs.

It fosters leadership, social responsibility, and environmental consciousness among young minds. By collaborating with IQAC, NSS, and other stakeholders, the Club integrates sustainability into academic and social activities. Through continuous efforts, it strengthens the University's commitment to inclusive growth, environmental protection, and the creation of a responsible and sustainable future.

Some of the reports of club activities are summarized below:

16.2.3 Identify and Engage with Local Stakeholders

SRHU actively engages with local stakeholders through various structured outreach and partnership programs. One such initiative is the Himalayan Centre for Innovation and Entrepreneurship (HCIE), which regularly collaborates with local communities, startups, artisans, and farmers to promote sustainable livelihoods and regional development.

The University has written policies and procedures to identify local stakeholders external to the university and engage with them since 2022

SUSTAINABILITY

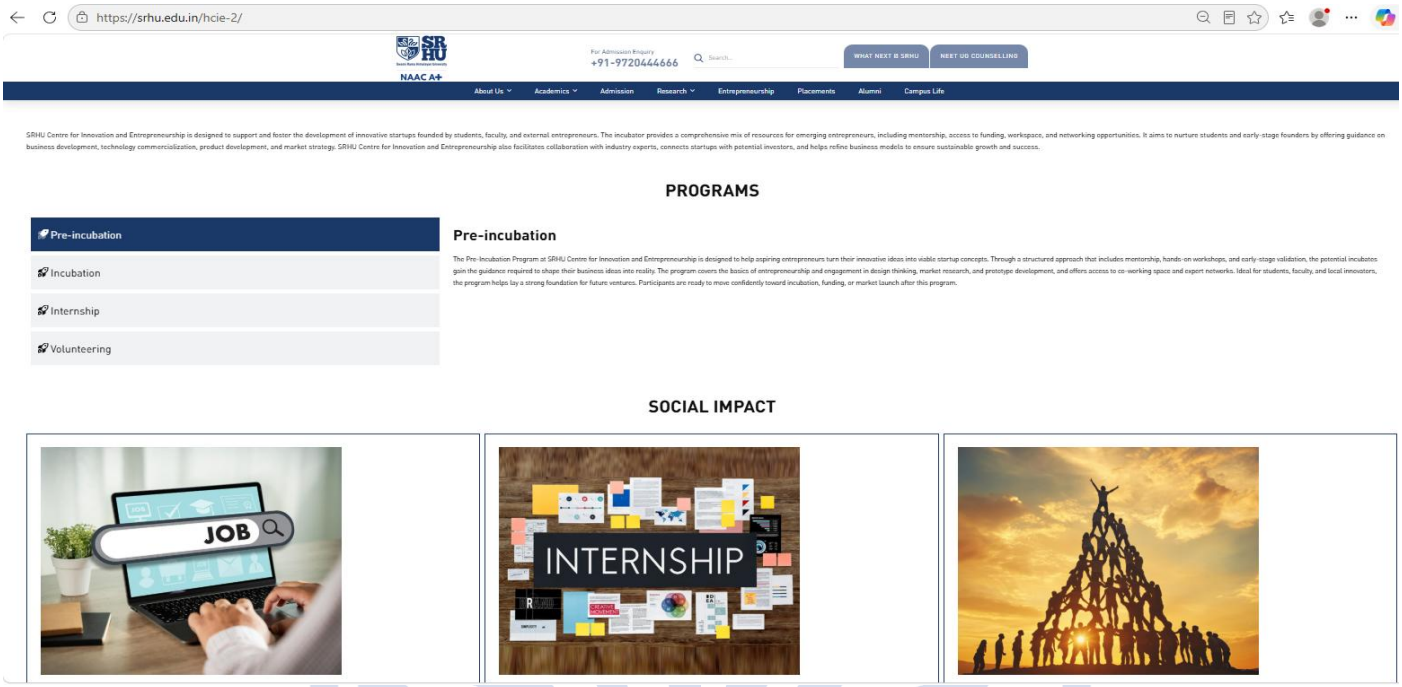

- Sustainability
- About SDG Cell
- Centre of Excellence for Sustainability
- Energy Conservation
- Water Conservation

At Swami Rama Himalayan University (SRHU), sustainability is an integral component of institutional development and social responsibility. The University strives to integrate environmental stewardship, social well-being, and responsible governance across its teaching, research, healthcare services, campus operations, and community engagement initiatives.

Aligned with the United Nations Sustainable Development Goals (SDGs), SRHU promotes sustainable practices through interdisciplinary education, impactful research, green campus initiatives, and community-focused outreach programmes. The University actively works towards responsible resource management, climate and environmental protection, sustainable healthcare systems, and inclusive community development. Through institutional policies, collaborative partnerships, and student engagement platforms, SRHU aims to foster a culture of sustainability while generating knowledge and solutions that contribute to regional, national, and global sustainable development efforts. The University's

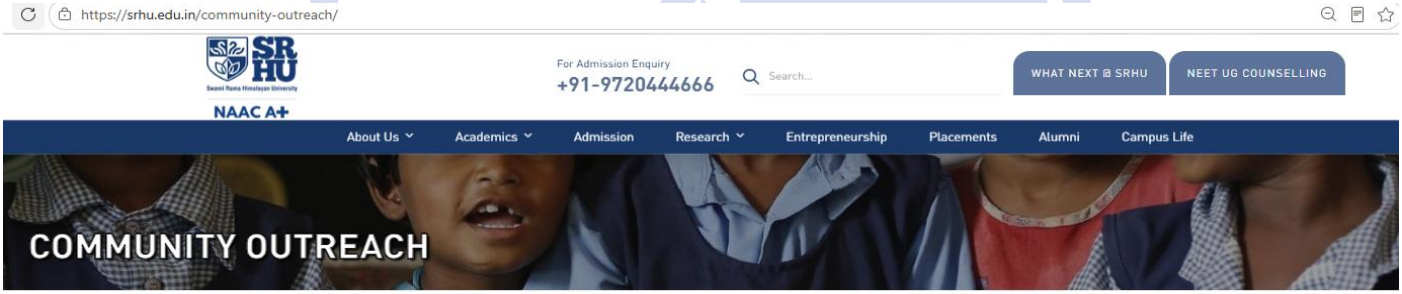

Evidence 3:

Identification of Local Stakeholders External to the University

Evidence 4:

Structured Outreach Programs

SRHU lays down great emphasis on social welfare of the society as a whole. For the benevolence of mankind and to reach out to the underprivileged class it conducts several programs which touch masses. Through dedicated teams, it reaches out to remote areas, specially where accessibility to essential services is acutely low and works to provide relief. Identifying similar spirit of work across the nation, individuals/institutions are also awarded "Swami Rama Humanitarian Award" for bringing about economical, environmental, scientific, social & spiritual growth of the humanity. The University works closely with Himalayan Institute Hospital Trust (HIHT) our Promoting Society, Rural Development Institute (RDI) - an allied unit, Department of Community Medicine, etc. that run numerous public welfare programs. Various academic units are equally engaged in social welfare through programs such as Rural Immersion, among others.

16.2.4 Participatory Bodies for Stakeholder Engagement

SRHU promotes meaningful and sustained engagement with local government authorities, residents, community representatives, civil society organisations, NGOs, and other regional stakeholders through formal governance structures, institutional policies, partnerships, and community-based initiatives. The Policy for Identifying and Engaging with Local Stakeholders provides a structured framework for stakeholder identification, consultation, communication, feedback, and participation in institutional planning and decision-making. This engagement is further supported through community outreach initiatives, institutional committees, extension activities, and partnerships with regional NGOs and government agencies in areas such as health, education, livelihoods, water and sanitation, adolescent development, and disability rehabilitation. Local stakeholder participation is also strengthened through institutional governance mechanisms, including representation of local society in the Internal Quality Assurance Cell (IQAC). Through these mechanisms, SRHU ensures that local perspectives, community needs, and stakeholder feedback contribute to university planning, community engagement, social development, and collaborative initiatives, thereby strengthening the University's responsiveness to the surrounding community.

SRHU provides meaningful mechanisms for local stakeholders—including residents, local government representatives, and civil society organisations—to participate in and contribute to university decision-making and community engagement processes.

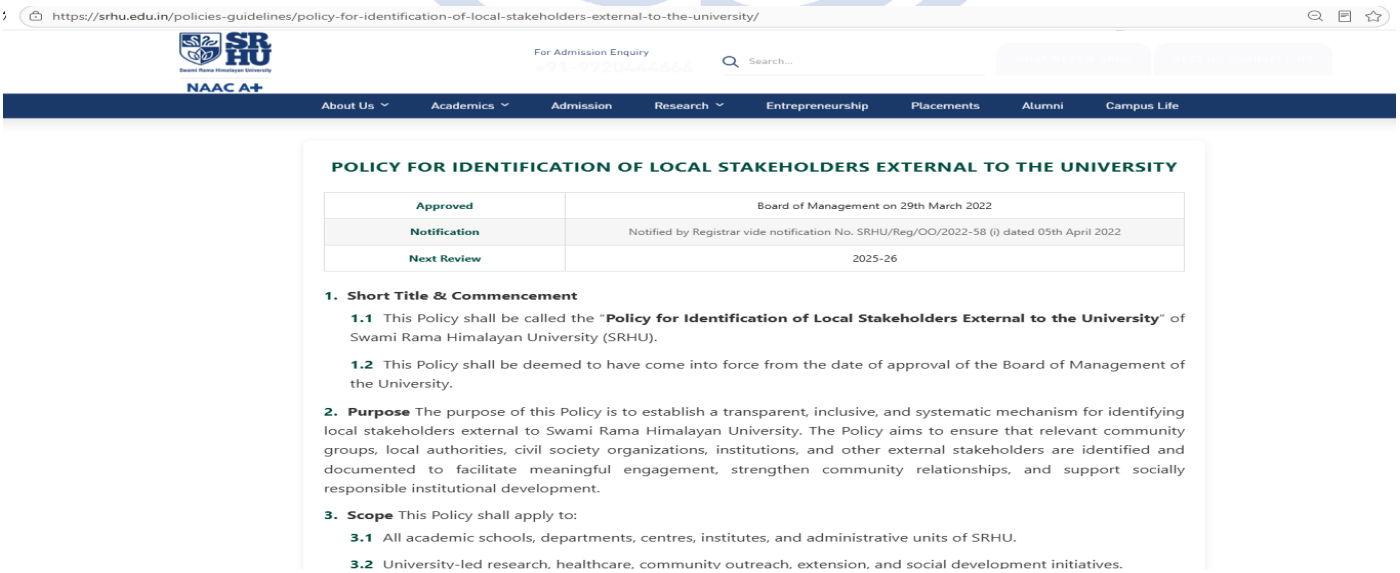

Existence of Participatory bodies	Evidence
• Government Representation in High-Level Decision Making: The Board of Governors (BOG), Board of Management (BOM)	• Available on the SRHU website • srhu.edu.in/leadership-and-governance/

16.2.5 University Principles on Corruption and Bribery

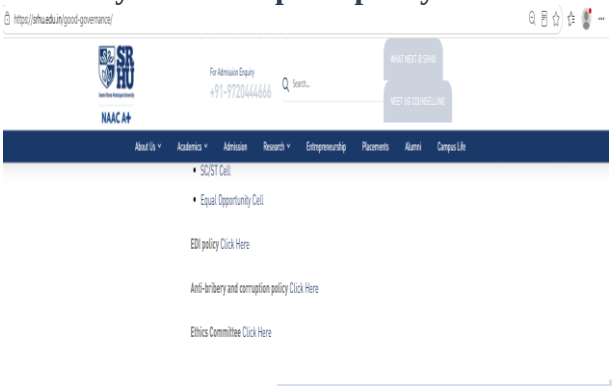

SRHU is committed to integrity, ethical governance, transparency, and zero tolerance for corruption and bribery. The University has established and publicly communicates an Anti-Bribery and Corruption Policy as part of its institutional good-governance framework. This commitment is reinforced through the University's Code of Ethics, Code of Conduct and related governance mechanisms, which require members of the University community to uphold ethical standards, accountability, discipline, and responsible conduct. SRHU also maintains procedures for addressing misconduct and unfair practices, thereby supporting transparent and accountable institutional functioning. These policies and mechanisms demonstrate SRHU's commitment to preventing, identifying, and addressing corrupt or unethical practices across the University.

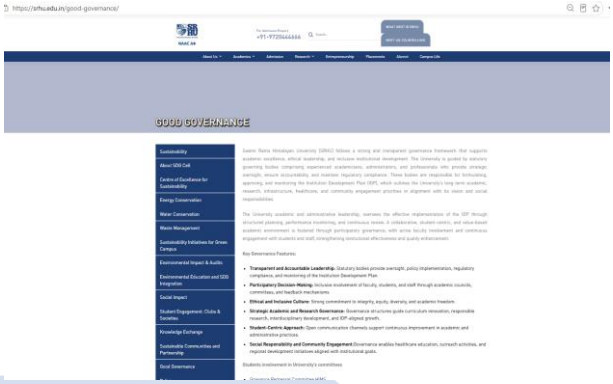

SRHU has published the university's principles and commitments on organised crime, corruption & bribery in the following

16.2.6 Academic Freedom Policy

SRHU recognises **academic freedom as an essential foundation of a vibrant, inclusive, and responsible academic environment.** The University is committed to creating conditions that enable faculty members, researchers, and scholars to pursue teaching, research, inquiry, critical thinking, and knowledge dissemination with appropriate academic independence and responsibility. This commitment is supported through institutional policies and mechanisms that promote **freedom of scholarly inquiry, research development, recognition of academic contributions, and ethical academic practices.** Through these measures, SRHU seeks to ensure that members of its academic community have an enabling environment to explore ideas, generate and share knowledge, and contribute meaningfully to education, research, and society.

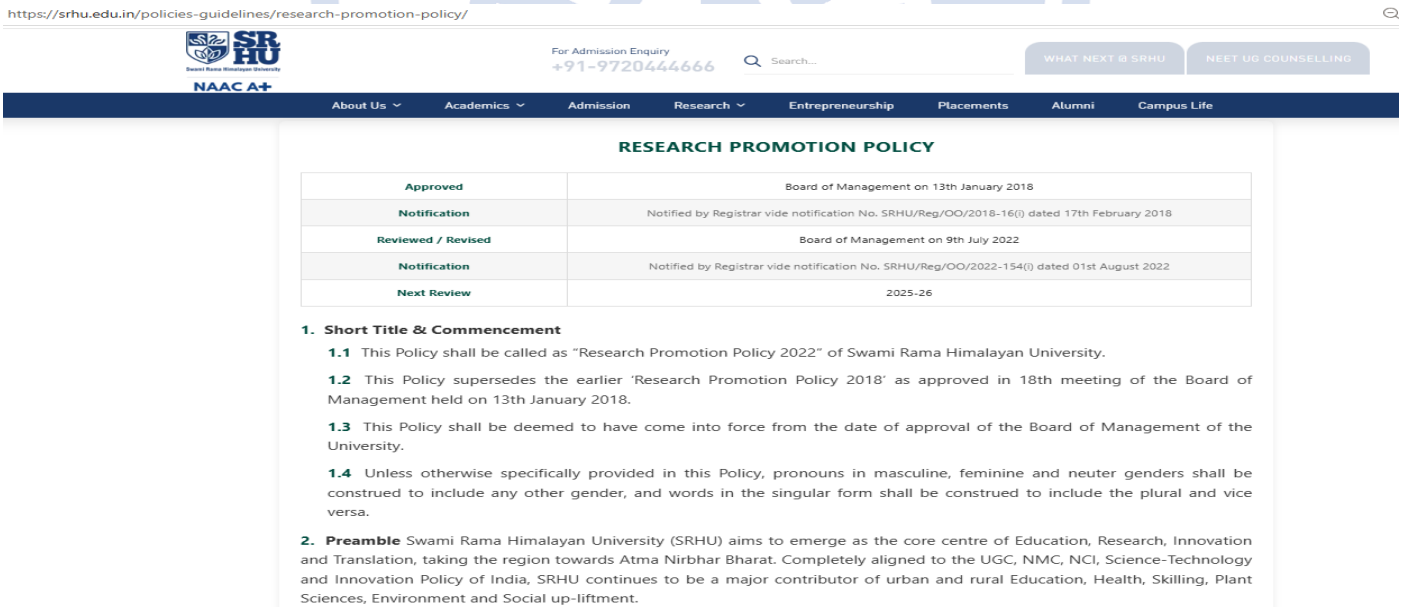

SRHU has a policy supporting academic freedom, including the freedom of faculty and researchers to choose their areas of research and to freely speak, teach, and disseminate knowledge publicly within their respective areas of expertise

Ensuring Integrity in Healthcare: Good Clinical Practice & Medical Ethics: A five week training program (6th Jan 2025-7th Feb 2025)
Organized by:

Department of Clinical Research, Himalayan Institute of Medical Sciences, Swami Rama Himalayan University (SRHU)

Sponsored by::

Department of Health Research, Ministry of Health and Family Welfare (MoHFW), Government of India

Duration:

January 6 – February 7, 2025, 5 Week

Introduction

The Department of Clinical Research at the Himalayan Institute of Medical Sciences (HIMS), Swami Rama Himalayan University (SRHU), successfully conducted a five-week training program from January 6 to February 7, 2025. Sponsored by the Department of Health Research, Ministry of Health and Family Welfare (MoHFW), this initiative was aimed at enhancing ethical competencies among faculty and Ethics Committees in Uttarakhand.

16.2.7 Published Financial Data

SRHU demonstrates its commitment to financial transparency, accountability, and sound financial management through the systematic maintenance and public disclosure of University-level financial information. The availability of consolidated financial data provides stakeholders with a clear understanding of the University's financial position, resource utilisation, financial stability, and long-term viability. SRHU's financial management practices support responsible allocation of institutional resources, effective governance, and sustainable academic and administrative operations. The publicly available financial information further reflects the University's commitment to financial probity, institutional accountability, and sustainable financial stewardship.

16.3 Working with Government:

SRHU actively works with government agencies at the national and state levels through structured partnerships, policy-linked programmes, capacity building, research, healthcare delivery, and community development initiatives. The University has an established "Policy for Relationships with Regional NGOs and Government" that provides a framework for building and maintaining relationships with government agencies. SRHU collaborates with government bodies in areas including public health, education, water and sanitation, rural development, and implementation of national programmes. Through its community health systems, the

University supports National Health Mission initiatives and works with government health facilities such as CHC Doiwala. SRHU also contributes to government-led capacity-building initiatives; for example, training programmes under the Jal Jeevan Mission were conducted in collaboration with the State Water & Sanitation Mission, Government of Uttarakhand, to strengthen the capacities of public health engineers and government officials. These engagements enable SRHU to contribute academic expertise, research, professional training, healthcare services, and community-based evidence to government programmes and policy implementation, thereby strengthening university–government collaboration and supporting sustainable development in Uttarakhand.

16.3.1 Provide Expert Advice to Government

SRHU contributes expert knowledge and evidence to government decision-making by drawing on the specialised expertise of its faculty, researchers, clinicians, and technical professionals. The University provides domain-specific inputs through participation in government-linked committees and consultations, technical and professional advisory activities, research-based evidence, and recommendations relevant to public health, education, rural development, water and sanitation, and other areas of public interest. Through its academic and research institutions, SRHU translates field experience and scientific evidence into practical recommendations that can inform government programmes, planning and policy implementation. Such expert contributions are supported by institutional policies and documented through publicly accessible reports, programme records, policy documents and other evidence of SRHU's engagement with government stakeholders.

SRHU provides specific expert advice to local, regional, and national government authorities through policy guidance, participation in expert committees and consultations, and the provision of evidence-based technical and professional inputs in areas aligned with the University's academic and research expertise.

NASI Meeting Report

The NASI Uttarakhand Chapter sponsored National Workshop on 'Women Empowerment in Uttarakhand through Science and Technology Interventions" was held at Swami Rama Himalayan University, Uttarakhand on 29-30th March 2024. The workshop was chaired by Dr Manju Sharma, Former Secretary, Department of Biotechnology; Former Chairperson, NASI and co-chaired by Dr Rajendra Dobhal. Through presentation of research outcome, case studies and clinical trials, it recommended actionable strategies for integrating innovative S & T tools to enhance women's participation in STEM, improving women's health, fostering entrepreneurship, and enhancing socio-economic conditions. The workshop, attended by over 160 women participants, including researchers, scientists, clinicians, social scientists, and entrepreneurs, has set the stage for significant advancements in these areas, with each participant playing a crucial role in this collective endeavour.

Prof. Ashok Kumar Deorari, Principal HIMS Nominated to PGIMER's Institute Body

Published on: March 13, 2025

Prof. Ashok Kumar Deorari, Principal HIMS Nominated to PGIMER's Institute Body

In a significant recognition of his contributions to medical education and research, Prof. Ashok Kumar Deorari, Principal, Himalayan Institute of Medical Sciences (HIMS), SRHU, has been nominated as a member of the Institute Body of the Post Graduate Institute of Medical Education & Research (PGIMER), Chandigarh.

The Central Government, exercising its powers under Section 5 of the PGIMER Chandigarh Act, 1966, has nominated Prof. Deorari under clause (f), which represents the Medical Faculty from Indian Universities. His inclusion in this esteemed committee places him among distinguished academicians and healthcare leaders contributing to policy-making and advancements in medical research and education.

With decades of expertise in neonatology and medical education, Prof. Deorari has been a driving force in transforming clinical training methodologies and healthcare delivery. His nomination reflects SRHU's growing prominence in shaping the future of medical education and patient care in India.

Dr. Vijay Dhasmana, President, SRHU, lauded the achievement, emphasizing that SRHU continues to nurture excellence in healthcare and academics, with its faculty making a mark on national and global platforms.

16.3.2 Policy and Lawmakers outreach and education

SRHU undertakes outreach, education, upskilling and capacity-building activities for public-sector stakeholders through its academic, professional, healthcare and community development expertise. The University contributes through expert lectures, training programmes, workshops, awareness and sensitisation programmes, research-based knowledge sharing, and technical capacity-building initiatives addressing areas relevant to public policy and governance, including public health, education, law and ethics, technology, rural development, water and sanitation, environmental sustainability, climate-related concerns and community resilience. These engagements enable SRHU to share evidence-based knowledge and professional expertise with government and public-sector stakeholders, strengthening their capacity to understand emerging issues and support effective programme planning and implementation.

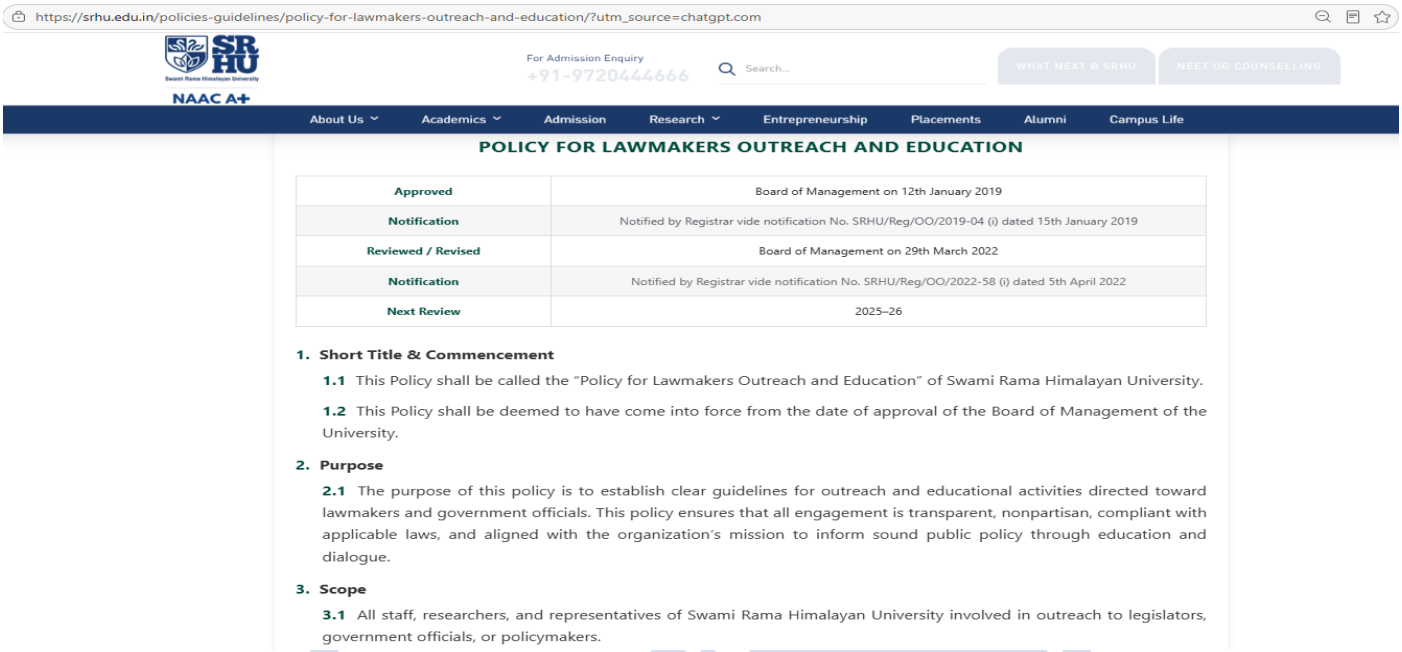

SRHU undertakes outreach, general education, upskilling, and capacity-building initiatives for policymakers and lawmakers on relevant contemporary issues, including economics, law, technology, migration and displacement, climate change, health, and sustainable development**.**

16.3.2 Participation in Government research

SRHU undertakes policy-relevant and applied research in collaboration with, or aligned with the priorities of, government departments and public-sector agencies. Through its multidisciplinary academic, health sciences and research institutions, SRHU generates evidence on areas of public importance such as public health, healthcare delivery, rural development, education, water and sanitation, environmental sustainability, and community well-being. Faculty and researchers contribute through government-linked research initiatives, field-based studies, technical inputs and evidence generation that can support programme planning, implementation and policy development. These activities strengthen the connection between research evidence and government priorities, enabling SRHU to contribute academic and scientific knowledge to public-sector decision-making.

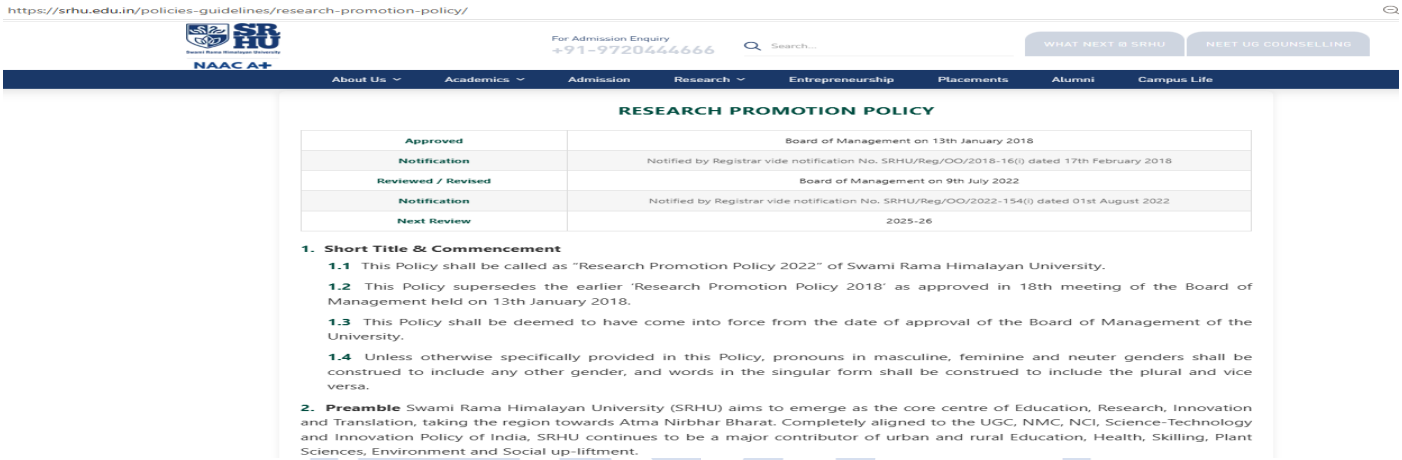

SRHU undertakes policy-focused research in collaboration with government departments and public-sector agencies to generate evidence-based findings that inform policy development, implementation, and decision-making.

16.3.4 Neutral platform to discuss issues

SRHU provides an academic, non-partisan and inclusive platform where government representatives, policymakers, administrators, academics, professionals, civil society representatives and other stakeholders can engage in constructive dialogue on issues of public importance. Through seminars, conferences, expert consultations, workshops, panel discussions and academic forums**,** SRHU facilitates respectful exchange of diverse perspectives and evidence-based discussion of social, health, educational, environmental and developmental challenges. These forums provide a safe and professional environment for stakeholders with differing perspectives to share experiences, examine challenges, discuss possible approaches and identify areas for constructive cooperation**,** while maintaining academic integrity, mutual respect and institutional neutrality.

Particulars	Status	Details
Neutral platform and ‘safe’ space for different political stakeholders to come together to frankly discuss challenges	Yes	SRHU provides neutral, non-partisan academic forums through conferences, seminars, workshops and expert discussions where diverse stakeholders can exchange perspectives and discuss public interest challenges respectfully.
Existence of platform	Yes	SRHU has established platforms through **conferences, seminars, workshops, panel discussions and expert forums** for inclusive and evidence-based dialogue on issues of public importance.

PAFMATCON 2024-25: 22nd Annual Conference of Punjab Academy of Forensic Medicine and Toxicology held at SRHU

The 22nd Annual Conference of the Punjab Academy of Forensic Medicine and Toxicology (PAFMATCON 2024-25) was successfully held on March 21st and 22nd, 2025, at the Himalayan Institute of Medical Sciences, Swami Rama Himalayan University, Dehradun. This year's conference conducted in a hybrid format, was organized by the Department of Forensic Medicine and Toxicology at the Himalayan Institute of Medical Sciences, Swami Rama Himalayan University, drawing around 300 delegates from across the country.

The conference was inaugurated by the Hon'ble Chief Guest, Dr. Vijay Dhasmana, President of Swami Rama Himalayan University. Dr. D.S. Bhullar, a distinguished figure in the field, graced the event as the Guest of Honour. Alongside them, the dais was occupied by other eminent dignitaries, including Dr. Rajiv Joshi, President of PAFMAT, and Dr. Satinder Pal Singh, General Secretary of PAFMAT.

In the days leading up to the main conference, pre-conference workshops were held on March 18th, 19th, and 20th, covering various topics of great interest to the forensic medicine and toxicology community. These workshops provided valuable learning opportunities for participants and were facilitated by experts in the field.

The conference itself featured a series of invited lectures by eminent experts, offering deep insights into the latest developments in the subject. Additionally, there were engaging panel discussions, as well as scientific paper and poster presentations by faculty members, postgraduate, and undergraduate students. A notable highlight of the event was the Moot Court competition, which allowed participants to showcase their skills in a simulated medico-legal setting.

Dr. Sanjoy Das, Organizing Chairperson of PAFMATCON 2024-25, expressed his gratitude to all the esteemed delegates and participants and to the Swami Rama Himalayan University for the unwavering support. Dr. Harvinder Singh Chhabra, the Organizing Secretary, also thanked the organizers, sponsors, and volunteers who made the conference a resounding success.

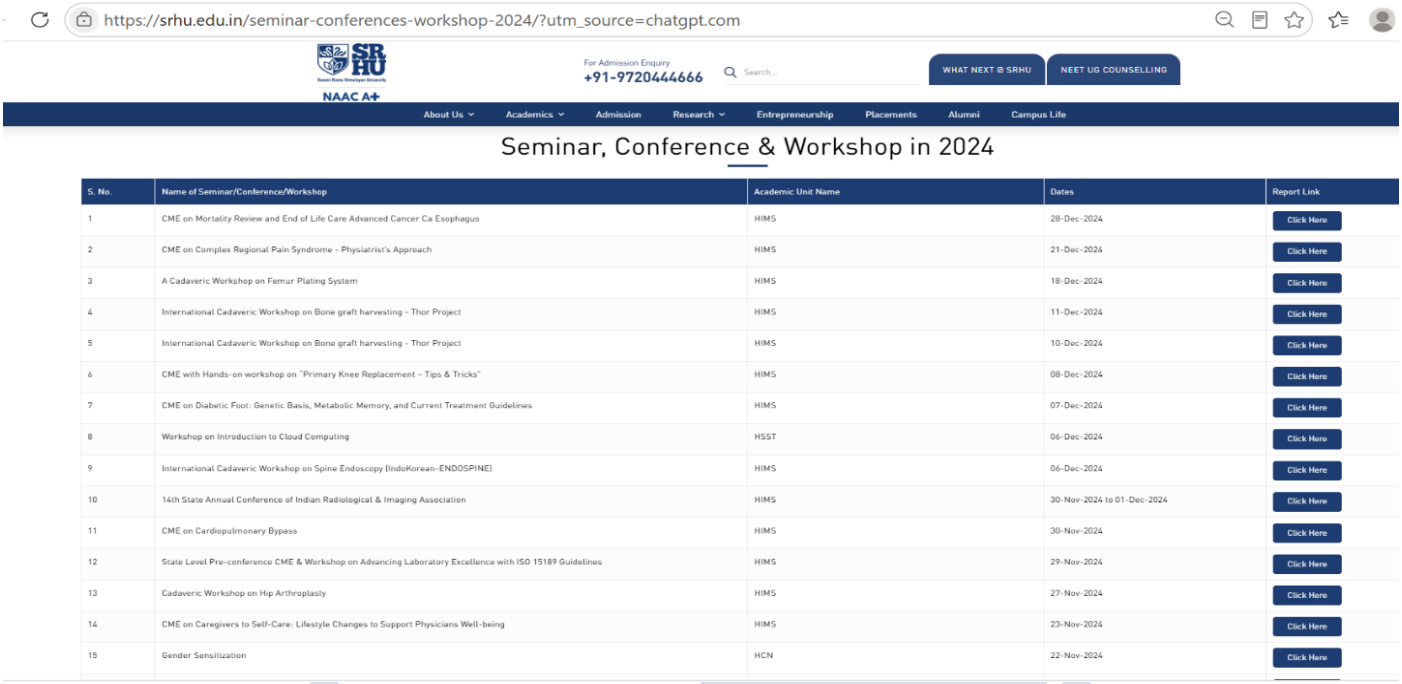

A special moment of the event was the presentation of the *Lifetime Achievement Award* to Dr. Gurmanjit Rai Maan, in recognition of his outstanding contributions to the field of Forensic Medicine and Toxicology. Additionally, the *Fellowship of PAFMAT* was awarded to Dr. Akash Deep Aggarwal, while the *Young Forensic Medicine Expert Award* was conferred on Dr. Harvinder Singh Chhabra, celebrating his exemplary work in the field.

The conference also provided a dynamic platform for professionals and academics in the field to discuss emerging trends, best practices, and challenges facing the discipline. The hybrid format ensured greater inclusivity, allowing participants from all over the country to join the discussions and presentations.

The Department of Forensic Medicine and Toxicology at the Himalayan Institute of Medical Sciences, Swami Rama Himalayan University, is dedicated to providing cutting-edge education, research, and training, and the university continues to play a pivotal role in advancing Forensic Medicine in India.
