DESCRIPTION OF LOGO OF SWAMI RAMA HIMALAYAN UNIVERSITY

Starting from the top, the four pillared building is resting on the foundation of an open book. The four pillars represent the four *Purusharthas* or aims of human life, namely, *Dharma* (Ethical living), *Artha* (Material Prosperity), *Kama* (Emotional Fulfilment) and *Moksha* (Emancipation) and the open book indicates the foundation of learning. Taken together, this part of the logo represents an institution of learning that can help the students achieve the four aims of life by schooling them in moral, practical, emotional and spiritual values and knowledge

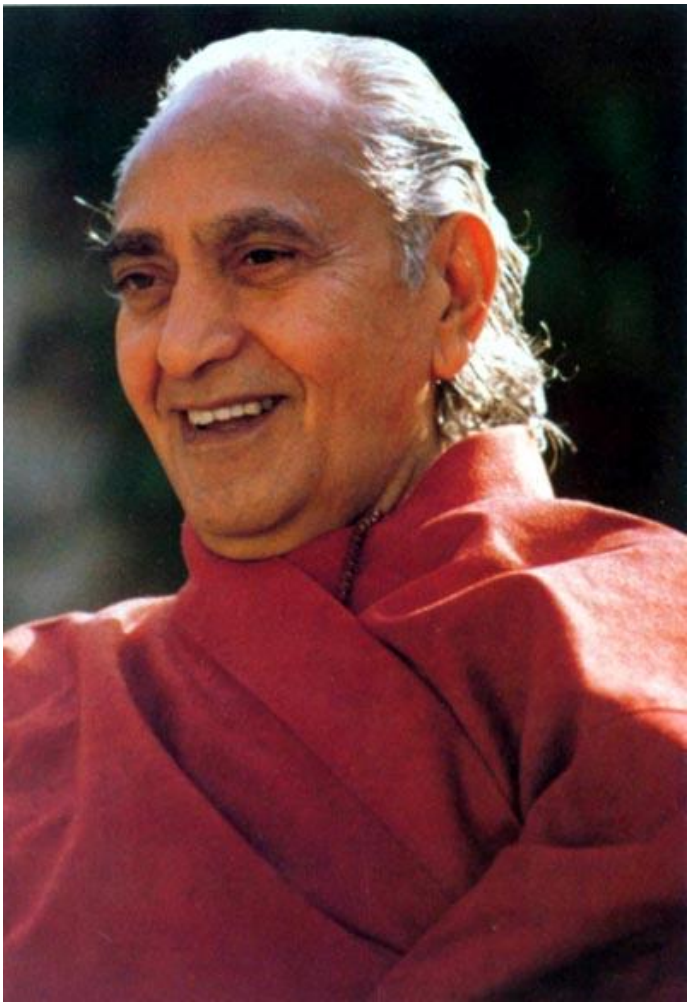

The Sanskrit words "*Yogaha Karamasu Kaushalam*", is from the Bhagavad Gita and defines Yoga as perfection in action. H.H. Swami Rama was an ardent advocate of acting skilfully, selflessly and lovingly. The lamp at the center signifies the light of knowledge.

The swan is a classical symbol in India of *buddhi* (faculty of discrimination), as it is believed that a swan can separate milk from a mixture of milk and water. The University would like to impart this quality of *buddhi* to its students

The lotus is another classical Indian symbol signifying being rooted in the practical world but blossoming into the light, like the lotus, which grows in marshy soil but blossoms facing the sun above. The saffron color of the lotus is symbolic of going beyond the outer world to the inner spiritual world.

The words "Love, Serve, Remember" represent the motto given to us by H.H. Swami Rama. He exhorted us to serve our fellow beings lovingly, remembering that the same ONE dwells in each of us and that service to our fellow beings is the best form of worship of the Divine.

The shield represents our protection by knowledge in the battle against ignorance.

H.H. Dr. Swami Rama

A journey from finite to infinite

GRATITUDE

Swami Rama Himalayan University is pleased to present its eleventh Annual Report, offering a comprehensive overview of the academic year 2023-2024. This report encapsulates the wide spectrum of initiatives, research, teaching, and activities that reflect the dynamic academic environment of the University. Behind the University's success lies the collective effort of countless individuals whose invaluable contributions have propelled it forward.

At the forefront of our gratitude is the fond remembrance of our Gurudev, His Holiness Dr. Swami Rama, whose visionary foresight planted the seeds of this institution, dedicated to serving those in dire medical, economic, and social need. His legacy continues to inspire our mission.

We extend our heartfelt gratitude to all members of the Himalayan Institute Hospital Trust (HIHT), the Promoting Society of SRHU, for their unwavering commitment, enthusiasm, and dedication, which have been instrumental in the University's steady growth and advancement each year.

We also attribute much of our accomplishments to the invaluable support and guidance of our Hon'ble Visitor of the University, Lt. Gen. Gurmit Singh, PVSM, UYSM, AVSM, VSM (Retd), the Hon'ble Governor of Uttarakhand whose leadership has steered us toward achieving new milestones.

A special acknowledgment goes to Dr. Vijay Dhasmana, Hon'ble President, whose insightful leadership and inspiration have continuously motivated us to strive for new heights of academic and institutional excellence.

We sincerely appreciate the members of the Board of Governors, Board of Management, and other authorities for their consistent support in steering the University toward academic and operational excellence.

Our gratitude extends to the University Grants Commission, the Ministry of Human Resource Development, and the Government of Uttarakhand for their invaluable mentoring and support throughout the year.

We are also deeply thankful for the dedicated efforts of the University's officers and daily executors of affairs, whose diligence has been crucial in enabling the University to reach significant milestones.

Our sincere thanks go to the Directors, Principals, Administrators, Heads of Departments, Faculty Members, and Non-teaching staff of all constituent colleges, schools, and academic units, whose consistent support and cooperation have been pivotal in driving our success.

The University wholeheartedly acknowledges the contributions and cooperation of everyone involved in its continued journey toward excellence and achievement.

Dr. Rajendra Dobhal

SWAMI RAMA HIMALAYAN UNIVERSITY

WELCOMES YOU

VISION

To be recognized as a premier University through providing quality education and healthcare in a manner that is holistic and evolutionary.

MISSION

To transform lives by nurturing excellence in the creation and dissemination of knowledge through education, research, innovation and technology besides providing multidimensional humanitarian opportunities for social upliftment in accordance with the ideals of Swami Rama.

VALUES

- Integrity
- Excellence
- Innovation
- Empowerment
- Trust
- Service

Broad objective:

- *To provide for instruction, teaching, training and research in such branches of study as the University deems appropriate including medical sciences, dental sciences, nursing, pharmacy, paramedical and allied health sciences, science, engineering & technology, biosciences, yoga sciences, management, rural development, humanities and other branches of higher education.*

Specific Objectives:

(a) To be an agency of change, fostering creativity, innovation & adaptability for advancement and dissemination of knowledge without compromising on quality.

(b) To strive for academic excellence, quality research and exemplary service to the community.

(c) To set international standards in delivery of education and pioneer viable alternatives to conventional learning.

(d) To formulate a policy based on quasi-market principles in keeping with the structural reforms responsive to industry driven demand and employability.

EVOLUTION OF UNIVERSITY

Swami Rama Himalayan University (SRHU) was established by the Himalayan Institute Hospital Trust (HIHT), the Promoting Society of the University, under section 2(f) of the UGC Act, 1956 and enacted through Uttarakhand Act. SRHU was founded to carry forward the legacy of its visionary founder, His Holiness Dr. Swami Rama, whose dream was to transform the barren foothills of the Himalayas into a thriving medical and educational city. This institution is the embodiment of his vision to serve humanity through education, research, and healthcare.

SRHU provides education, training, and research opportunities across a diverse range of disciplines, including medical sciences, dental sciences, nursing, pharmacy, paramedical and allied health sciences, science, engineering and technology, biotechnology, yoga sciences, management, rural development, humanities, law, and other areas of higher education.

As a self-financed and 'Not for Profit University,' SRHU operates on a sprawling 196-acre eco-friendly campus, offering residential and recreational facilities. The academic strength of the university is backed by a robust faculty, comprising intellectuals, academicians, and researchers. The University's programs focus on skill development, professional expertise, and capacity building, empowering students to either pursue self-employment or create employment opportunities for others. SRHU seeks to address societal challenges by enabling transformative changes through the power of education and knowledge.

SRHU began operations in 2013 with three constituent academic units: the Himalayan School of Science & Technology (HSST), the Himalayan School of Management Studies (HSMS), and the Himalayan College of Nursing (HCN). In June 2014, the Himalayan Institute of Medical Sciences (HIMS) and its 1200-bed super-specialty hospital became a part of the University. The University also introduced programs in Biosciences and Yoga Sciences, which were initially offered under their respective departments. These programs later evolved into fully-fledged academic units with the establishment of the Himalayan School of Bio Sciences (HSBS) in 2017 and the Himalayan School of Yoga Sciences (HSYS) in 2022. Most recently, in 2023, SRHU further expanded by launching the Himalayan School of Pharmaceutical Sciences (HSPS). The University now offers a wide range of undergraduate, postgraduate, super-specialty, fellowship, and Ph.D. programs.

Over the past eleven years, SRHU has experienced significant growth, thanks to the hard work and dedication of its faculty and staff. Faculty members are deeply involved in research, with projects funded either by the University or external agencies such as ICMR, DST, UCOST, NIPCCID, and RNTCP. Faculty research is frequently published in indexed national and international journals, and the volume of these publications has steadily increased each year. SRHU has cultivated a healthy research ecosystem, providing financial incentives to encourage faculty members to pursue research and publications.

The University also supports the professional development of its faculty by offering financial aid for attending conferences, workshops, seminars, training sessions, and other academic programs both nationally and internationally. Students, too, benefit from ample research opportunities under the guidance of experienced mentors.

To support financially disadvantaged students, SRHU has provided tuition fee waivers over the past five years. Additionally, the University offers a 'Merit cum Means Scholarship' to deserving students.

SRHU is deeply committed to contributing to the development of both Uttarakhand and the nation as a whole. Through its comprehensive educational programs, research activities, and affordable healthcare services, including super specialties under one roof, the University is making meaningful strides in advancing the welfare of society. Its outreach activities further amplify its impact by addressing pressing social issues and supporting underserved communities.

LIBRARY REPORT

The Central Library and faculty libraries continued to fulfil their obligations of providing scholarly information support for learning, teaching and research in the University. Through a major reorganizational office order, all the libraries in the University have been brought under a broad umbrella i.e. **Swami Rama Himalayan University Library System (SRHULS).** SRHULS comprises of (1) Central Library (2) HCN Library (3) HSST Library (4) HSMS Library, (5) HSPS Library (6) HSBS Library and (7) HSYS Library. The details of activities of above libraries are given below.

HIMALAYAN INSTITUTE OF MEDICAL SCIENCES – CENTRAL LIBRARY

Himalayan Institute of Medical Science Library, known as the Central Library (CL), is the oldest and the biggest library of the University which caters to the needs of mainly medical, nursing, and paramedical students and faculty but also has sizable collection in other disciplines also as it acts as Central library of the SRHU. This year the whole stacking and seating arrangement of the CL was changed. New books shelves and counters were added and reading tables were refurbished. Also, two sets of eight-seater sofas were added. The pictures of refurbishment are given below:

HIMALAYAN SCHOOL OF BIO SCIENCES AND HIMALAYAN SCHOOL OF YOGA SCIENCES LIBRARY

Central Library takes care of all requirements of the students and faculty members of HSBS and HSYS. The main collection related to Biosciences and Yoga sciences was transferred to respective schools. HSBS library was augmented by 92 copies of 34 titles at a cost of Rs 1,65,696.00. No addition was made to HSYS collection. The journal requirement of HSBS is met through the CL subscription as all the e-journals are available to every member of the university.

INDUSTRIAL VISIT CONDUCTED ON 09 AUGUST 2023

On 09 August 2023, an industrial visit was organized for the first-year students of BBA, B. Com (Hons), and MBA to the prestigious Forest Research Institute (FRI) in Dehradun. The primary objective of the visit was to provide students with practical insights into forestry and environmental research, as well as to deepen their understanding of industrial processes and management practices.

The visit commenced at 10:00 AM, with students gathering at the designated meeting point. The event was meticulously coordinated by Ms. Ekta Rao and Mr. Ravindra Sharma, who managed the logistics and guided the students throughout the visit.

During the visit, students had the unique opportunity to observe the research facilities and ongoing projects related to forestry, environmental conservation, and biodiversity. Interactive sessions with researchers and scientists were conducted, where students learned about the latest advancements in forestry research, sustainable practices, and environmental management. The visit was made even more enjoyable with food packets arranged by HSMS, ensuring that students remained energized and focused during the day's activities.

The industrial visit was highly informative and beneficial, offering students practical knowledge and exposure to real-world applications of their academic studies. Key takeaways included:

Understanding the Role of Research Institutes: Students gained insights into the critical role that research institutes like FRI play in environmental conservation and sustainable development.

Forestry Management and Conservation Strategies: The visit provided a deeper understanding of the practical aspects of forestry management and conservation efforts.

Exposure to Advanced Research Methodologies: Students were introduced to cutting-edge research methodologies and technologies used in environmental sciences.

The industrial visit to FRI Dehradun was a resounding success, largely due to the careful planning and coordination by Ms. Ekta Rao and Mr. Ravindra Sharma. It offered students a valuable opportunity to bridge the gap between theory and practice, thereby enriching their academic experience. Such initiatives are essential for holistic development and preparing students for future challenges in the field of business and management.

We extend our heartfelt gratitude to the management and staff of the Forest Research Institute (FRI), Dehradun, for their warm hospitality and insightful sessions. Special thanks to Ms. Ekta Rao and Mr. Ravindra Sharma for organizing a memorable and enriching industrial visit.

GUEST LECTURE: "SLOW TOURISM IN UTTARAKHAND - STUDYING A CITIZEN INITIATIVE" – 15TH FEBRUARY 2024

On February 15, 2024, the Himalayan School of Management Studies (HSMS) organized an insightful guest lecture on the topic "Slow Tourism in Uttarakhand: Studying a Citizen's Initiative," led by Dr. Sargam Mehra, Co-Founder of "Been There Doon That." The event, held in LT-2, attracted 34 participants from the department, who eagerly gathered to explore the burgeoning concept of slow tourism and its relevance to the state of Uttarakhand.

Dr. Mehra began the session by introducing the concept of slow tourism, which prioritizes sustainable travel, cultural immersion, and meaningful interactions over conventional, fast-paced tourism. She explained how slow tourism encourages travelers to engage deeply with local cultures and environments, leading to more authentic and enriching experiences.

Focusing on Uttarakhand, Dr. Mehra highlighted the role of citizen-led initiatives in promoting sustainable tourism practices within the region. Through a series of compelling anecdotes and case studies, she showcased how grassroots efforts are helping to preserve local heritage, engage communities, and reduce the environmental footprint of tourism in the state. Dr. Mehra underscored the importance of collaboration among various stakeholders—government agencies, local communities, and tourists themselves—in realizing the goals of slow tourism.

The lecture concluded with an engaging Q&A session, where students and faculty members actively participated in discussions. The conversation centered on the challenges and opportunities in implementing slow tourism principles in Uttarakhand, and the potential impact of these practices on the state's tourism landscape.

Dr. Sargam Mehra's presentation was highly informative, offering valuable perspectives on how slow tourism can transform Uttarakhand into a model of sustainable and culturally sensitive tourism. The lecture provided students with a deeper understanding of the importance of sustainable tourism and the role they can play in promoting such initiatives in their future careers.

HSMS TALENT HUNT "DANCING STARS" – 22ND FEBRUARY 2024

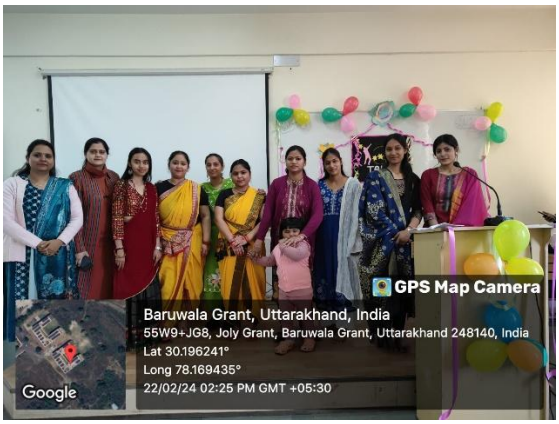

On February 22nd, 2024, the Himalayan School of Management Studies (HSMS) hosted an exhilarating dancing talent hunt, offering students an exciting platform to showcase their remarkable dance skills and creative flair. The event buzzed with energy and enthusiasm as students from various classes, representing a diverse array of dance styles, took to the stage. From the elegant movements of classical dance forms to the vibrant expressions of contemporary styles, the performances captivated the audience and highlighted the impressive range of talent within the HSMS student body.

Beyond the display of individual creativity and passion, the event fostered a strong sense of camaraderie and unity among the students. Each performance not only highlighted the dancers' unique talents but also embodied the collaborative spirit and support that permeates the college community. The talent hunt brought students together to celebrate each other's abilities and forge connections that extended beyond the classroom.

Principal Prof. Mohit Verma underscored the importance of extracurricular activities in cultivating a well-rounded educational experience. He emphasized how participating in such events enhances students' creativity, confidence, and interpersonal skills, complementing their academic achievements. Prof. Verma's words resonated with the audience, inspiring them to explore a wide range of interests and actively engage in the vibrant campus life at HSMS.

The event's seamless organization, led by Dr. Sonam Bhadauriya and Dr. Sheela Bijlwan, reflected the faculty's dedication to nurturing student talent and fostering a dynamic campus culture. Their efforts ensured that the dancing talent hunt ran smoothly, providing a supportive environment for students to express themselves and grow. The event was a powerful testament to the creativity, collaboration, and excellence that define the Himalayan School of Management Studies.

INDUSTRIAL VISIT AT RUBICO IT PVT. LTD., HARIDWAR – 22ND MARCH 2024

Industrial visits are one of the most important and mandatory parts of the curriculum for the professional growth of our students. In line with this, the Himalayan School of Science and Technology organized a one-day industrial visit for the students of BCA and MCA to visit Rubico IT Pvt. Ltd., Haridwar, on March 22, 2024. The primary objective of this visit was to provide students with a practical understanding of IT industry infrastructure, their working culture, their requirements, and how employees could fit themselves to meet their requirements. The visit aimed to enhance students' knowledge and understanding of current technologies and industry trends.
Before the industrial visit, detailed planning and arrangements were made under the guidance of Dr. Pramod Kumar sir (Principal, HSST) and Mr. Ayush Sharma (Deputy Manager, Placement Department).

The Rubico IT Ltd. Haridwar visit was an enriching experience for the students, including various HR and technical interactive sessions. Students were divided into groups based on their area of interest, like front-end developers, testers, networking engineers, etc., and assigned knowledgeable guides from the Rubico team. These guides provided insightful information about the roles and responsibilities of these groups separately. The Rubico team showcased the facilities available for the benefit of the employees, like an in-house gym area, indoor games, etc., for recreation purposes.

SRHU School of Management holds Conclave on 'Sustainable Business: People, Planet & Profit'

By OUR STAFF REPORTER

DEHRADUN, 30 Apr: The Swami Rama Himalayan University's Himalayan School of Management conducted its '4th Management Conclave 'Manthan 2023' on 28 April on the theme, "Sustainable Business: People, Planet, and Profit", with the goal of raising awareness about India's G-20 Presidency.

The conclave brought together industry leaders, practitioners and academics for thought-provoking conversations on the subject. The predecessor to the conclave was a student led event, "Biz Vista", organised on 27 April.

The conclave aimed to celebrate, promote and learn from great business leaders and their initiatives, as well as to establish a venue for the exchange of ideas, challenges and solutions among the speakers and participants through its numerous interactive sessions.

Dr Vickram Sahai, Principal, HSMS, and Co-Patron of the conclave, set the pace by sharing that keeping in view the theme of G20 and India's role in it, the college celebrated the two day event as a student driven activity.

Day 1 of the event saw many creative reflections by the students of Management Science as well as over 80 students from other schools. The conclave was held with as a platform to see what the generation of today wishes to see for the future of the planet.

Dr Vijendra Chauhan, Vice Chancellor of Swami Rama University, and Patron of the Conclave, shared that it's a generational responsibility to cultivate aspects that are people oriented and which sustain the planet.

The inaugural address was given by Dr S Farooq, President, Himalaya Wellness Company. He mentioned that humanity in people would survive as long as people would live. The planet needs to be conserved. "We need to practice ethics in profits and promote sustainability," he declared. "We should be together for the sake of humanity."

Dr Anil Joshi, Founder, Himalayan Environmental Studies and Conservation Organisation (HESCO), virtually shared a message for students on ensuring effective management that connects with people and ensures sustainability of the planet.

The conference featured five panelists. Andrew Street (HR Consultant, Rubico Tech) emphasised the importance of developing a bond within the work environment to allow the people engaged to perform effectively. Deepak Jain (Director, India Knowledge and Capability Centre, Grant Thorton) shared how their team works on enhancing the capabilities of their employees to reach their full potential. Rajat Jain (Founder, Sunfox Technologies) shared that it is human intelligence that needs to overtake technology and develop solutions suitable to the needs of the masses. Arvind Agarwal (Senior Manager, HR, IPCA Laboratories Limited) elaborated on social responsibilities that businesses have towards people, at large, and each stakeholder should work towards it. Piyush Tayal (Assistant Vice President, Axis Bank) shared how the times are changing and it is time to shift the focus towards providing people-centric solutions.

The discussion was moderated by Dr Rajat Dimri, (Associate Professor, Himalayan School of Management Sciences).

The discussions were followed by a student interaction raising some insightful queries, showcasing of conclave glimpses and prize distribution.

Amongst other distinguished guests and faculty members, also present were Patron of the Conclave Dr Vijay Dhasmana, Chancellor of Swami Rama Himalayan University; Dr Sushila Sharma, Registrar, SRHU; Dr Prakash Keshaviah, Dr Naithani, principals of constituent Colleges and many distinguished corporate guests and faulty members.

Dr Shweta Sethi, Co-Convenor of the Conclave, Ekta Rao, Amar Sathe, Dalbir Singh and Farhan established corporate connectivity. Dr Ravindra Sharma, Dr Sonam Bhadauriya and Ashish Gupta were involved as Organising Secretaries.

The students handled stage coordination and guest interaction. Giving away of the prizes and certificates to students successfully concluded the event.

Aspiring for universal health on Yoga Day

The Times of India in association with Swami Rama Himalayan University teamed up to celebrate 'International Yoga Day' in the spirit of 'Vasudhaiva Kutumbakam', which means welfare of all. On this special day, a large number of students from SRHU came together to salute the morning sun

Anjali Naurlyal

The Central Park of Swami Rama Himalayan University came alive on June 21, when Yoga students, teachers and enthusiasts congregated for a collective Yoga session in the midst of tall trees, colourful flowers and chirping of birds. That Yoga is being practised worldwide today is a proud development and this event added to the might of India's influence.

The main aim of the event organised by The Times of India in association with Swami Rama Himalayan University was to raise awareness about the numerous physical and mental health benefits of Yoga. The event began with a prayer.

A WAY OF LIFE

"The advantages of Yoga are tremendous. Yoga is not merely a series of asanas, but a way of life. It is a light, which once lit, can fill the life of a practitioner with divine energy, serenity and harmony. It is the coming together of the body, mind and soul. For students, Yoga can be tremendously advantageous as it can teach them to be fully present in the moment," said Vijay Dhasmana, chancellor of the university, even as he led the celebrations from the front. He added, "A life lived in congruence with the 'Ethics of Yoga', involves a change in attitudes, habits, diets and thoughts to arrive at a state of equanimity and inner peace. Yoga teaches us to keep the body fit, and the mind calm. Practitioners of Yoga can live a Yogic lifestyle, which is holistic in the truest sense. Yoga means a 'union'. Through Yoga, a practitioner can achieve the union of breath and body, the mind and muscles and most importantly union of the self to the divine." Clad in exercise gear, he along with rows of students, faculty members and guests performed various asanas exhibiting flexibility, strength and balance.

>>Distinguished guests displaying their mementos

For Dhasmana, promoting Yoga amongst youngsters is nothing short of a mission. He revealed that 'Himalayan School of Yoga Sciences' had planned a Yoga Therapy Camp as a prelude to International Yoga Day. It was a public welfare initiative wherein people were encouraged to embrace, practise and enjoy Yoga to improve their health in the long run. The camp was part of the university's Yoga Therapy Series that will continue to follow in close succession in the coming months. Focus at the camp was on treatment of spinal column related issues like cervical spondylosis, frozen shoulder, neck and shoulder pain, knee and ankle joints-related issues, under the guidance of experts. "We are relieved that we can contribute our bit in ameliorating people's suffering through this ancient Indian art that is India's pride," he said.

On the occasion, eminent scientist, Prakash Keshaviah, shared certain tenets of Vedanta and explained the five sheaths, 'Panchkosha', in which human consciousness is wrapped. "The path of Yoga can help heighten understanding and awareness of these sheaths," he explained to the gathering. As Yoga works towards healing and enhancing each and every cell in the body, it becomes magically immune.

Yoga can be tremendously advantageous for all. The main aim of the event was to raise awareness about the numerous physical and mental health benefits of Yoga

POSTURES AND ASANAS

Ajay Dubey, principal of Himalayan School of Yoga Sciences and his students gently guided the participants through the Yoga asanas, focusing on breathing, posture and individual capacity. Loosening practices were conducted that included alert posture, forward and backward bending, right and left bending, shoulder stretches, shoulder rotation, neck rotation, trunk and knee movement. Yoga asanas such as 'Tadasana', 'Vrksasana', 'Pada Hastasana', 'Ardha Chakrasana', 'Bhadrasana', 'Vajrasana', 'Ardha Ustrasana', 'Ustrasana', 'Sasakasana', 'Makarasana', 'Bhujangasana' and many others, followed these. 'Kriya', 'Pranayama', 'Dhyana' and 'Sankalpa' were also conducted.

"The widely practised Yoga 'sadhanas' are, 'Yama', 'Niyama', 'Asana', 'Pranayama', 'Pratyahara', 'Dharana', 'Samadhi', 'Bandhas' and 'Mudras'," Dubey shared. Yoga is a very healthy practice that has brought about unimaginable results in the lives of people who have inculcated this practise in their daily routine, he further added. A combination of physical postures (asanas), breathing techniques ('Pranayama') and meditation ('Dhyana') can create wonders in an individual's life.

सेमिनार | राजभवन के ऑडिटोरियम में विशेषज्ञों ने बताई जीवन जीने की कला

'व्यायाम और ध्यान से मिलेगा आनंदमय जीवन'

माई सिटी रिपोर्टर

देहरादून। शरीर को स्वस्थ रखने के लिए जैसे सही खान-पान व नियमित व्यायाम आवश्यक है, उसी प्रकार सांसों के लिए प्राणायाम व मन को शांत रखने के लिए ध्यान अति आवश्यक है।

राजभवन ऑडिटोरियम में बुधवार को स्वामी राम हिमालयन विश्वविद्यालय की ओर से आयोजित सेमिनार साइंस ऑफ जॉयफुल लिविंग में विशेषज्ञों ने आनंदमय जीवन जीने की कला बताई। सेमिनार का शुभारंभ राज्यपाल लेफ्टिनेंट जनरल गुरमीत सिंह (सेनि.) ने दीप प्रज्ज्वलित कर किया।

विश्वविद्यालय के कुलाधिपति डॉ. विजय धस्माना ने स्वामी राम की शिक्षाओं पर आधारित आहार और व्यायाम के साथ-साथ भावनाओं के रचनात्मक उपयोग से आनंदमय जीवन को जीने के बारे में बताया। डॉ. प्रकाश केशवीय और डॉ. रेनू धस्माना ने मन और ध्यान क्रियाओं के संबंध में जानकारी दी।

राज्यपाल ने कहा कि प्रत्येक व्यक्ति के लिए जरूरी है कि वह खुश रहे, लेकिन परिस्थितियों के कारण हम उदास और दुखी हो जाते हैं। ऐसे समय में भी जीवन को आनंदमय तरीके से जीने के बारे में आज जो जानकारियां दी गई हैं, वह प्रत्येक व्यक्ति के जीवन में काम आएगी। राज्यपाल ने कहा कि हमें हमेशा दूसरों की भलाई और उनकी सहायता के लिए हरसंभव प्रयास करना चाहिए और उसमें जो आनंद और खुशी मिलती है, वह अपने आप में अलग ही स्तर की होती है। आनंदमय जीवन जीने के लिए दूसरों पर निर्भर नहीं रहना चाहिए और उसके लिए कोई कारण भी नहीं होना चाहिए। खुशी को हमेशा अपने अंदर से लाने की जरूरत है।

सेमिनार में प्रथम महिला गुरमीत कौर, सूर्यकांत धस्माना, सचिव राज्यपाल रविनाथ रामन, अमित कुमार सिरोही, स्वाति एस. भदौरिया, प्रो. हेम चन्द्र, प्रो. सुरेखा डंगवाल, डॉ. रामकरन सिंह, डॉ. तृप्ति श्रीवास्तव आदि मौजूद रहे।

सनातन संस्कृति का पालन करने पर भारत बनेगा विश्व गुरुः राज्यपाल

जागरण संवाददाता, ऋषिकेश : स्वामी राम हिमालयन विश्वविद्यालय (एसआरएचयू) जौलीग्रांट की ओर से राजभवन देहरादून में डा.स्वामी राम की शिक्षाओं पर आधारित स्प्रिंग आफ ज्ञानफुल लिविंग पर एक दिवसीय कार्यशाला आयोजित की गई। कार्यशाला में मुख्य अतिथि राज्यपाल लेफ्टिनेंट जनरल गुरमीत सिंह (सेनि.) ने कहा कि हमारी सनातन संस्कृति में दी गई शिक्षाओं का पालन करने पर भारत पुनः विश्व गुरु बन सकता है।

वृहस्पतिवार को राजभवन में आयोजित कार्यशाला में राज्यपाल ने कहा कि मन को शांत करने के लिए सभी को ध्यान अवश्य करना चाहिए। जैसे शरीर को ठीक रखने के लिए सही खान-पान व नियमित व्यायाम आवश्यक है उसी प्रकार सांसों के लिए प्राणायाम व मन को शांत रखने के लिए ध्यान अति आवश्यक है। कार्यशाला के प्रथम सत्र को संबोधित करते हुए एसआरएचयू के कुलाधिपति डा. विजय धस्माना ने कहा कार्यशाला का उद्देश्य स्वस्थ शरीर में स्वस्थ दिमाग की अवधारणा पर ध्यान केंद्रित करना है। डा. स्वामी राम की योग व ध्यान पर आधारित शिक्षाओं पर प्रकाश डाला। कहा जीवन में दया, प्रेम, सेवा जैसे भावों का होना अतिआवश्यक है। ईश्वर ने मनुष्य को विवेकशील प्राणी बनाया है। वहीं, कार्यशाला के दूसरे सत्र को संबोधित करते हुए एसआरएचयू के डा. प्रकाश केशवया ने कहा कि योग व ध्यान के लिए उम्र की कोई बाध्यता नहीं है। बुजुर्गों को भी योग व ध्यान करना चाहिए। कार्यशाला को संबोधित करते हुए हिमालयन हास्पिटल की वरिष्ठ नेत्र रोग विशेषज्ञ डा. रेनू धस्माना ने कहा कि एक संतुलित आहार में आमतौर पर 50 से 60 प्रतिशत कार्बोहाइड्रेट, 12 से 20 प्रतिशत प्रोटीन और 30 प्रतिशत वसा होता है। किसी व्यक्ति का संपूर्ण स्वास्थ्य और कल्याण अच्छे पोषण, शारीरिक व्यायाम और स्वस्थ शरीर के वजन पर निर्भर करता है।

70 **प्रतिशत बीमारियां मन के विकार से उत्पन्न** : कुलाधिपति डा. विजय धस्माना ने बताया कि वर्ष 1968 में गुरुदेव डा. स्वामी राम ने कहा था कि 70 प्रतिशत शारीरिक बीमारियां मन के विकार से उत्पन्न से होती हैं। मन को संयमित करने के लिए ध्यान जरूरी है। ध्यान के माध्यम से इन बीमारियों पर काबू पाया जा सकता है। वर्तमान में मेडिकल स्प्रिंस भी यही बात कह रहा है।

डा. स्वामी राम ने भारतीय योग और आध्यात्म को विदेशों में फैलाया : भारत में ऐसे अनगिनत योगी और तपस्वी हुए हैं जिन्होंने विदेशों में भारतीय योग और आध्यात्म का डंका बजाया है। ऐसे ही कुछ योगियों में से एक थे डा. स्वामी राम। स्वामी राम ने विदेशों में भारतीय यौगिक क्रियाओं का प्रत्यक्ष प्रदर्शन करके दिखाया। स्वामी राम की गिनती भारत के ऐसे योगियों में होती है जिन्होंने पश्चिम में भारतीय संस्कृति, योग और शास्त्र का प्रचार प्रसार किया।

डा. स्वामी राम ने दुनिया को बताया कि योग के माध्यम से बहुत से ऐसे काम किए जा सकते हैं जिन्हें आधुनिक विज्ञान असंभव मानता है।

राजभवन में डा.स्वामी राम की शिक्षाओं पर आधारित स्प्रिंस आफ ज्ञानफुल लिविंग पर आयोजित कार्यशाला का उद्घाटन करते राज्यपाल लेफ्टिनेंट जनरल गुरमीत सिंह(सेनि.) • सौजन्य: एसआरएचयू

ध्यान करने का यह है फायदा

- योग करने से शारीरिक शांत मिलती है।
- आटोनोमिक नर्वस सिस्टम को शांत करता है
- मन में तनाव को भी कम करता है ध्यान
- रोग-प्रतिरोधक क्षमता को विकसित करता है ध्यान।
- ध्यान करने से हमारी सोचने की क्षमता विकसित होती है।

The Better Doctor Is The One Who Understands The Patient's Pain: Dr. Vijay Dhasmana

- Orientation program organized by the Himalayan Institute of Medical Sciences (HIMS)
- Parents, along with MBBS students, attended

Doiwala (The Hawk): An orientation program was organized for the new MBBS students at the Himalayan Institute of Medical Sciences (HIMS) Jollygrant. During this, the Chancellor Dr. Vijay Dhasmana addressed the students, saying that a better doctor is the one who understands the patient's pain.

On Monday, the inauguration of the orientation program organized by Swami Ram Himalayan University (SRHU) Jollygrant was done by lighting the ceremonial lamp in front of the portrait of the founder, Dr. Swami Rama.

While addressing the program, Chancellor Dr. Vijay Dhasmana mentioned that the goal behind the establishment of the institute and the medical college was to serve the people of Uttarakhand and other regions. Doctors are often regarded as incarnations of God in society. It is essential for doctors to serve suffering humanity to uphold this common belief. Chancellor Dr. Dhasmana also urged parents to keep an eye on every activity of their child if they dream of making their child a skilled doctor. Dr. Rajendra Dobhal, the Vice-Chancellor, said that every moment of life is priceless. Students who understand the value of time reach the pinnacle of success. The value of time is understood through discipline. To achieve success, students should always maintain hope, dedication to duty, and self-confidence. Dr. Ashok Deorari, Principal of HIMS, welcomed the new students along with their parents. They also introduced the faculty to the students. Dr. Taruna Sharma provided information about medical courses and exam patterns, while Dr. Vineet Mahrotra explained the anti-ragging policy and rules. All students also introduced themselves personally during the event. Dr. Juhi Kalra presented the vote of thanks. The event, organized under the leadership of Dr. Kiran Bhatt, was attended by Secretary Dr. Sushila Sharma and Dr. Mushtaq Ahmad, along with all the faculty members of HIMS.

HIMS conducts 'Basic Life Support & First Aid Training' at IMA

By OUR STAFF REPORTER

DEHRADUN, 12 Sep: Carrying forward Indian Military Academy's endeavour to collaborate with renowned institutes of the country to foster partnerships for mutual development and growth, the Himalayan Institute of Medical Sciences (HIMS), SRHU, was invited to conduct ground-breaking training on 'Basic Life Support & First Aid in Common Emergencies both in Peace and Combat Scenarios' last week.

Over 400 gentleman cadets, including international cadets, were trained by the team of eight experts, comprising specialists and super-specialists, led by Surgeon Rear Admiral (Prof) Girish Gupta (Retd) from HIMS.

Holistic training was imparted to the gentlemen cadets of IMA to empower them not only with conventional nuances of life-saving, but also impart to them requisite training on life saving methodologies, which is a critical requirement during military operations.

They were imparted a training regimen that covered an array of critical topics including Basic CPR, Management of Bleeding, Head and Spine Injuries, stabilisation principles, and handling emergencies arising from snake bites and scorpion stings.

The training programme adopted a hands-on approach, along with informative lectures and essential practical training sessions, in which the cadets practiced on 26 mannequins concurrently. The participants were also provided a comprehensive handbook covering all the topics discussed during the training, including a credit card-sized BLS card, which can serve as a quick reference guide in future.

These collaborations are a conscious attempt by IMA to pioneer an era of shared learning and provide new vistas in the training curriculum.

It embodies a significant step towards fostering a culture of preparedness and service.

SRHU receives CIIE-gold award from CII

PNS ■ DEHRADUN

The Swami Rama Himalayan University (SRHU) Jolly Grant has been conferred with the CIIE-Gold award 2023 by the Confederation of Indian Industry (CII) in the green practices award service category.

The chancellor of the university Vijay Dhasmana said that the award recognises the institution's commitment to creating a sustainable future. "SRHU has established itself as a model university in the fields of education, health, and social development, focusing on eco-friendly activities, energy conservation, water preservation, and environmental protection. The university has also set up a plastic bank to promote recycling of single-use plastic, contributing to the reduction of plastic waste.

Additionally, SRHU conducts awareness campaigns and tree planting drives to educate future generations about environmental conservation," he said.

Dhasmana added that receiving the CII-Gold award is a significant achievement as it recognises SRHU's dedication to meeting high-quality standards in various areas, including water conservation, energy conservation, and environmental protection.

एसआरएचयू जौलीग्रांट को मिला सीआईआई- गोल्ड अवॉर्ड 2023

देहरादून, लोकसत्य। स्वामी राम हिमालयन विश्वविद्यालय (एसआरएचयू) जौलीग्रांट ने भारतीय उद्योग परिसंघ (सीआईआई) की ओर से आयोजित कार्यक्रम में 'ग्रीन प्रैक्टिसेस अवॉर्ड' की सर्विस कैटेगरी में 'गोल्ड अवॉर्ड' पुरस्कार जीता है। हरियाणा के गुरुग्राम में आयोजित कार्यक्रम में एसआरएचयू ने इस कैटेगरी में उत्तर भारत का पहला व एकमात्र संस्थान होने का गौरव भी हासिल किया है। कुलाधिपति डॉ.विजय धस्माना ने 'गोल्ड अवॉर्ड' मिलना विश्वविद्यालय के लिए बड़ी उपलब्धि है। यह अवॉर्ड एक स्थायी भविष्य बनाने के लिए संस्थान की प्रतिबद्धता को रेखांकित करता है। डॉ.धस्माना ने इस क्षेत्र में काम कर रही संस्थान की टीम के सभी सदस्यों को शुभकामनाएं दी।

एसआरएचयू, शिक्षा, स्वास्थ्य व सामाजिक विकास के क्षेत्र में आयाम स्थापित कर चुका हरित गतिविधियों, ऊर्जा संरक्षण, जल संरक्षण, पर्यावरण संरक्षण के क्षेत्र में भी एक मॉडल विश्वविद्यालय के रुप में संस्थापित हो चुका है। करीब 200 एकड़ के हरे-भरे विश्वविद्यालय कैंपस में जल व ऊर्जा संरक्षण सहित सभी प्रकारों के कूड़ा निस्तारण जैसे प्लास्टिक व ई-वेस्ट इत्यादि हेतु विभिन्न योजनाएं संचालित हैं। विश्वविद्यालय में समय-समय पर वृहद पौधरोपण अभियान भी संचालित किया जाता है। कुलाधिपति डॉ.विजय धस्माना ने बताया कि सिंगल लेअर प्लास्टिक के रीसाइक्लिंग की तरफ कदम बढ़ाते हुए एसआरएचयू में प्लास्टिक बैंक बनाया गया है। सिंगल लेअर प्लास्टिक के इस्तेमाल पर रोक के लिए विश्वविद्यालय में पहले से ही अभियान चलाया जा रहा है। निश्चित समय अंतराल पर इस संकेंप में छात्र-छात्राओं सहित स्टाफकर्मियों को जागरूक भी किया जाता है। प्लास्टिक वेस्ट को रिसाइकिल कर डीजल बनाने में इस्तेमाल किया जाता है। प्लास्टिक बैंक से प्लास्टिक कचरे को निस्तारण के लिए आईआईपी भेजा जाता है। प्लास्टिक वेस्ट का 70 फीसदी रिसाइकिल कर डीजल बनाने में इस्तेमाल किया जाता है।

ऊर्जा संरक्षण में रिकॉर्ड, सौर ऊर्जा से बिजली की 16 फीसदी मांग पूरी कर रहा संस्थान

कुलाधिपति डॉ.विजय धस्माना ने बताया कि ऊर्जा संरक्षण के महत्व को समझते हुए वर्ष 2007 में पहला कदम बढ़ाया था। तब हिमालयन हॉस्पिटल, कैंसर रिसर्च इंस्टिट्यूट सहित सभी हॉस्टल में सोलर वाटर हीटर पैनल लगाए गए थे। इससे, विगत तीन वर्षों में 11,25,000 यूनिट बिजली की बचत की गई है। इसी कड़ी में, संस्थान वर्ष 2017 में राष्ट्रीय सौर मिशन से जुड़ा। इसके तहत नर्सिंग और मेडिकल कॉलेज में 500 किलोवॉट रूफ टॉप सोलर पैनल लगाए गए। वर्तमान में विश्वविद्यालय के विभिन्न भवनों की छतों में 1500 किलोवॉट का सोलर पैनल लगाए जा चुके हैं। इससे अब तक एसआरएचयू करीब 61,15,332 यूनिट बिजली की बचत कर चुका है। बीते तीन वर्षों में संस्थान अपनी बिजली की 16 फीसदी मांग सोलर पावर प्लांट से पूरा कर रहा है। दूसरा फायदा यह हुआ कि इससे करीब 1455 टन कार्बन उत्सर्जन में कमी आई है। उत्तराखंड के किसी भी संस्थान की तुलना में यह एक रिकॉर्ड है।

जल संरक्षण के लिए 26 राज्यों के 7000 लोगों को दिया प्रशिक्षण

कुलाधिपति डॉ.विजय धस्माना ने बताया कि यह अच्छा संकेत है कि पानी की महत्ता को आज कई संस्थान समझ रहे है। लेकिन हमारे संस्थान में वर्ष 1998 में ही करीब 25 वर्ष पहले ही जल आपूर्ति व संरक्षण के लिए एक अलग वाटसन (वाटर एंड सैनिटेशन) विभाग का गठन किया जा चुका है। तब से लेकर अब तक वाटसन की टीम द्वारा उत्तराखंड के सुदूरवर्ती सैकड़ों गांवों में पेयजल पहुंचाया गया है। इसके साथ ही संस्थान द्वारा जल जीवन मिशन के अंतर्गत 26 राज्यों में 7000 से अधिक लोगों को जल संरक्षण के क्षेत्र में प्रशिक्षित किया है।

Himalayan Hospital launches awareness campaign on World AIDS Day

By OUR STAFF REPORTER

DEHRADUN, 1 Dec: On the occasion of World AIDS Day, an awareness campaign was conducted by Himalayan Hospital, Jolly Grant. Various programmes were organised. People coming to the skin disease OPD were given information about the causes, symptoms, prevention and treatment of AIDS. Also, myths were dispelled about AIDS amongst the people.

Today, people coming to the OPD of Dermatology Department of Himalayan Hospital were made aware about AIDS. During the programme organized on this occasion, Head of the Department, Dr Rashmi Jindal said that AIDS is caused by the HIV virus. This virus weakens the immunity of humans. The purpose behind celebrating this special day is to make people aware of HIV disease.

Dr Rashmi Jindal reiterated that the reasons for the spread of AIDS are unsafe sex, transfusion of HIV infected blood, use of infected needles during pregnancy or delivery of an HIV positive woman, or even by breastfeeding a newborn baby.

Dr Samarjit Roy, Dr YS Bisht, Dr Ruchi, etc., were present on this occasion.

At an AIDS awareness rally by HIMS, on behalf of the Department of Community Medicine, and under the guidance of Head of the Department, Dr Ashok Kumar Srivastava, people were made aware about the dangers of AIDS in Kudkawala and Gauhari Mafi Raiwala Health Centre, Doiwala. The students went door-to-door and gave information about AIDS to the people and also distributed red ribbons. Present on this occasion were Dr Himanshu, Dr Deepshikha, Dr Vaibhav, Dr Chirag, etc.

Others who participated to make the event a success were Dr Rashmi Jindal, Dr Samarjit Roy, Dr YS Bisht and Dr Ruchi Hemdani.

Amongst residents were Dr Dikshita, Dr Ritu, Dr Anuj, Dr Arnav, Dr Jagriti, Dr Darshana, Dr Vrinda, Dr Sakshi, Dr Shobhit and Dr Tabeer.

Symptoms of AIDS -

Dr Samarjit Roy said that, due to AIDS, the patient suddenly starts losing weight, there can be fever for a long time, diarrhoea can persist for a long time, there can be inflammation of glands in the body and there can be many wounds on the tongue, etc.

SRHU installs 1500 kW rooftop solarplant

SRHU installs 1500 kW rooftop solar plant in Jollygrant

By OUR STAFF REPORTER

DEHRADUN, 14 Dec: The 14th of December marks National Energy Conservation Day. Swami Rama Himalayan University (SRHU) through its sponsored institution, Himalayan Institute Hospital Trust (HIHT), has established itself as a hub for health and education. In this context, SRHU has played a leading role in national development by contributing to energy conservation.

According to a report, the world is nearing pre-pandemic levels of global carbon dioxide emissions. Dr Vijay Dhasmana, Chancellor of SRHU, Jollygrant, emphasises the importance of solar energy in reducing carbon footprint, stating that solar energy is the best option for curbing the ever-growing electricity consumption in large institutions.

Chancellor Dr. Vijay Dhasmana mentioned that the importance of solar energy is well understood at SRHU. To achieve this, a committee of experts was formed in the institution. Understanding the future needs, the first step towards energy conservation was taken in 2007. Solar water heater panels were installed in all hostels, including the Himalayan Hospital and Cancer Research Institute.

He added that, in 2017, a decision was taken to connect with the National Solar Mission. Considering the 70% subsidy provided by the government for installing solar panels for rooftop solar energy production in Himalayan states, 500 kW rooftop solar panels were installed in the Nursing and Medical Colleges. From 2017 till now, 1500 kW solar panels have been installed on the roofs of various buildings on the university campus. This has resulted in a saving of 61,15,332 kWh (units) of electricity for SRHU.

Dr Vijay Dhasmana

Dhasmana stated that solar energy has also been used to supply water to remote villages in the mountains. In 2014, in Chureddhar Village in Tehri, water was supplied to the village through a solar pumping plant. With the help of this, there was a saving of approximately Rs 43,000 annually, considering the daily consumption of 23 units of electricity.

He also mentioned that the danger of global warming is becoming evident. The major cause of this is carbon emissions. With the help of 1500 kW rooftop solar panels at SRHU, there has been a reduction of approximately 1455 tons of carbon emissions. This is a record compared to any institution in Uttarakhand.

Girish Uniyal, Head of the Electrical and Mechanical Engineering Department, mentioned that a 3500 kW power plant has been installed in the institution according to the energy demand. In the last three years, the institution has been meeting 16% of its electricity demand through solar power plants.

Dr Dhasmana added that, recently, for all these achievements of the institution, the Confederation of Indian Industry (CII) has honoured the university with the 'Green Practices Award' in the service category, recognising it with the 'Gold Award'. In this category, it is an honour for the university to be the first and only such institution in North India.

Chancellor Dhasmana said that all citizens must play an active role in energy conservation. In the coming times, there is a significant threat to daily life from global warming. Therefore, it is necessary to develop a habit of relying on natural energy from now on. Energy conservation is essential for the protection of nature.

Workshop on youth related issues held at SRHU

By OUR STAFF REPORTER

DOIWALA, 12 Jan: On the occasion of National Youth Day, today, an awareness workshop was organised at Swami Rama Himalayan University (SRHU), Jolly Grant, on various topics related to the youth including drug abuse, road safety and cyber-crime.

On this occasion, the speakers called upon the youth to take inspiration from the life of Swami Vivekananda.

An awareness workshop was organised by the Rural Development Institute, Himalayan Institute Hospital Trust, in the Adi Kailash Auditorium of the University. The workshop was inaugurated by lighting the lamp before the portrait of founder Dr Swami Rama. Students of Government Sanskrit Bharat Mandir Secondary School chanted mantras at the time of lighting the lamp.

Chief Guest and former IAS officer, Dr Sanjeev Chopra said that, even in the present times, the principles and teachings of Swami Vivekananda are as relevant as they were in the past. Appealing to the youth, he said that in the present era, there is a need for efforts so that the youth can be organised and transformed into a comprehensive movement against drugs.

HIHT Presidential Committee Member Dr Vijendra Chauhan said that today the youth are providing a new direction and energy to the country. But with time, the increasing inclination of youth towards drugs, increasing threat of cyber-crime and increase in the number of road accidents year after year is worrying. Awareness is necessary in this regard.

Dr Jayanti Semwal talked about drugs, CO Rishikesh Anwar Khan talked about road accidents, Jolly Grant Police Outpost Incharge Sumit Chaudhary talked about cyber crime and Joint Director, Secondary Education, Dr Anand Bhardwaj gave a detailed presentation on the contribution of the department.

Students of the Aryan Group at Himalayan Institute of Medical Sciences (HIMS), Jolly Grant, conveyed the message of protection against drugs, cyber-crime and road accidents through a play. Dr Rajiv Bijlwan, Vikesh Semwal, Payal Bhatt, Nagma, Kamal Joshi, Pawandeep, Nirmala Bijlwan, Digvijay, Jyoti Sharma, DP Uniyal, Naresh Thapliyal, Vivek Anand were instrumental in organising the event under the leadership of Dr Neha Sharma and Dr Nancy Barthwal, Pankaj, Naval and others.

Budget 2024-25 aimed at meeting developed India target by 2047: Dhasmana

PNS ■ DEHRADUN

Following the direction of Prime Minister Narendra Modi, the interim budget for 2024-25 aims to achieve developed India status by 2047, the chancellor of Swami Rama Himalayan University (SRHU) Vijay Dhasmana said. He said that the budget represents a solid vision for a prosperous and inclusive India, fulfilling the aspirations of all segments of society and contributing to the overall development of the country. The budget outlines a roadmap for progressing towards the goal of creating a developed India, he said. Further, Dhasmana said that the budget explicitly addresses the four vital segments of society- the poor, farmers, youths and women. Strengthening all four segments is crucial for achieving a developed India. Additionally, in response to the Covid crisis, the government has made significant efforts in the health sector. The budget provides for the establishment of a new committee to facilitate the addition of new medical colleges, aiming to not only strengthen the healthcare system but also address any existing gaps, such as the shortage of doctors across the country, he said. He further emphasised that the budget has also prioritised women's health. This includes the implementation of a government-run vaccination programme to prevent cervical cancer. Additionally, the allocation of budget will promote innovation and contribute to the growth of the startup sector in the country, Dhasmana said.

SRHU to help students venture into start-ups

PNS ■ DEHRADUN

The new building of the Himalayan Centre of Innovation and Entrepreneurship (HCIE) was inaugurated on the occasion of Vasant Panchami on Wednesday. It was inaugurated by the President of Swami Rama Himalayan University (SRHU) Vijay Dhasmana and Chancellor Rajendra Dobhal. This new building is specially built to help students venture into start-ups. Dhasmana said on the occasion that the purpose of this new building is to establish a robust infrastructure for start-ups and new ideas that will contribute to significant job opportunities with economic development. Dobhal also stated that starting a start-up is not easy as one has to face various challenges, ups and downs before getting any success. In such cases, young people need assistance and HCIE will provide them with the technical support they need to succeed in start ups. He said that they will assist students in every possible way so that they can become skilled entrepreneurs.

National Science Day Observed At Swami Rama Himalayan University

- **National Science Day was celebrated at the Swami Rama Himalayan University, Jollygrant with fervour.**
- **28th February is commemorate as national science day to celebrate the discovery of "Raman Effect" by Sir C V Raman for which he was conferred the Nobel Prize in 1930.**

Doiwala (The Hawk): The Government of India in 1986 decided to celebrate the day as National Science Day starting in 1987. The Raman Effect is a ground-breaking revelation, which transformed the understanding of light and matter interaction.

On this day, theme-based science communication activities are carried out all over the country in schools, colleges, and Universities. There is a theme each year that serves as a testament to India's scientific prowess, a reminder of the transformative impact of ground-breaking discoveries. The theme for 2024 as announced by the Minister for Science & Technology Dr. Jitendra Singh is "Indigenous Technologies for Viksit Bharat" which underscores India's dedication to innovation and self-sufficiency in science and technology. At the SRHU, the Chief guest Dr. Vijendra D Chauhan, Director General, (AD), SRHU gave a birds-eye view on the inception of the Hospital, Medical College, Nursing Schools and many sister schools which collectively make a complete teaching, patient service and research Ecosystem. He elaborated on latest research developments at the SRHU including indigenous technologies that cover all ground-level healthcare interventions being used in OPDs and through Rural Institute in the community.

All tools for early diagnosis, preventive strategies, Poshan Diet, reduced neonatal mortality, TB treatments, agriculture technologies for food processing;

Herbal Gardens, Food loss prevention, Safe water, environmental safety, etc. include simple but impactful technologies. He explained that SRHU is planning to set up a few Centres of Excellence where state-of-the-art research would be undertaken.

He elaborated upon the new Innovation Centre inviting start-ups; and MoUs with leading Research Institutions that can build core strengths in translation and applied research. He urged researchers, faculties, and the HODs to improve in-house research in various schools; apply for intra-mural grants; and write focused extra-mural projects. SRHU organized parallel events including a Quiz, Posters, and Rangoli competition amongst seven academic units of SRHU in collaboration with the Himalayan School of Bioscience to encourage students towards evolving technologies on the current theme of National Science Day.

Prizes were distributed to the winners of the competition. Cash prizes were awarded to the winners of the Quiz that was sponsored by the NASI, Uttarakhand chapter under the Chairmanship of the Vice-Chancellor Dr RajendraDobhal. For the University Faculty and Researchers, a Research Conclave was held wherein research proposals for seed money were invited and shortlisted. A total of forty such short research proposals were received and many shortlisted for award of seed money.

ISTD, SRHU sign MoU on Industry Coordination

By OUR STAFF REPORTER

DEHRADUN, 14 Mar: Swami Rama Himalayan University, Jolly Grant, and the Indian Society for Training and Development (ISTD) Dehradun branch, will now work in better coordination with the industrial sector. An MOU was signed between the two institutions

on Thursday, in the presence of President of Swami Rama Himalayan University (SRHU), Jolly Grant, Dr Vijay Dhasmana, Vice-Chancellor Dr Rajendra Dobhal, Registrar Dr Mukesh Bijlwan, and ISTD Dehradun Chairman Anoop Kumar.

On this occasion, Vice-Chancellor Dr Rajendra Dobhal stated that this MOU is an important step towards better coordination and collaborative efforts with the industry sector. Through this, students will get opportunities to bridge the gap between the industry and academic worlds through seminars, workshops, and industrial training. Furthermore, they will have a platform to prepare themselves according to the dynamic changes in the business landscape. Registrar Dr Mukesh Bijlwan mentioned that, through this agreement, the industrial sector could benefit from the expertise and knowledge of the university's faculty members, which will not only improve the quality and efficiency of the industry but also inspire new directions in teaching and research activities. This will establish a deep and meaningful cooperation between the two institutions in the field of research and development, aiding in the discovery of new technologies and solutions. The programme was coordinated by Dr Apurv Trivedi.

From ISTD, Dinesh Sharma, Dr Avinash Chandra Joshi, Soumya Beniwal, Dr Bindu Dey, Dr Amjad Hussain, Dr Mohit Verma and Prateek Dhyani were present on the occasion.

Swami Rama Himalayan University is associated with various prestigious academic and professional institutions nationally and internationally. This includes the Business College (IBC) Denmark, Indian Institute of Technology (IIT) Roorkee, Global Health Alliance (GHA) United Kingdom, Loria Finland's University of Applied Sciences, Germany's Rostock University, Uttarakhand Government's Uttarakhand Space Application Centre (USAC), and the CSIR-Institute of Himalayan Bioresource Technology in Palampur, Himachal Pradesh, among other institutions working in the field of skill development like Learn-It.

SRHU research team gets patent for strapless facemask

PNS ■ DEHRADUN

The Dehradun-based Swami Rama Himalayan University (SRHU) claimed on Monday that the strapless facemask, designed by the research team of the university to prevent passage of infectious elements like virus, bacteria and dust, has received a patent. The university office bearers further said that this unique facemask comprises a fabric structure with two layers, separated from one another, machined into a shape that enables easy symmetrical folding. As per the SRHU communiqué, the masks found in markets have straps to loop around the ears and these cause irritability or discomfort and pressure at the back of the ears for extended time users besides leaving gaps that allow unfiltered air to enter in or out of the users' mouths. However, the strapless mask invented by the university's research team is made of strapless material (polyester) that is light in weight and fits the face closely as it has the capability of being sealed tightly to the wearer's facial contours. Besides, it is washable, reusable, portable, cost-effective and more convenient for long term usage, the release added.

Commending the research team on the patent earned for its invention-the third one in a few months-the SRHU president Vijay Dhasmana said that it has added another chapter to the institution's public-spirited endeavours. The vice-chancellor, Rajendra Dobhal said that the research team's achievement would immensely serve the masses.

Workshop on Intellectual Property Rights held at SRHU

By OUR STAFF REPORTER

DEHRADUN, 21 Mar: A one-day workshop on Intellectual Property Rights was organised at Swami Rama Himalayan University (SRHU). The participants were informed about various stages and procedures related to patents.

During the workshop held in the auditorium of the Engineering College on Thursday, addressing the participants, Vice Chancellor Dr Rajendra Dobhal said, "We have a treasure of traditional knowledge here but the general public is not aware of the laws related to patents."

He mentioned patents, copyrights, and trademarks under intellectual property, stating that it is necessary to be aware of these rights considering the changes happening at the global level. He noted that China, America, and Japan file the most patents, whereas the number is significantly lower in India. He mentioned that the university has ample resources to encourage new research and studies.

Dr Lipi Kaundilya, a patent design and trademark attorney, explained that intellectual property includes any creation, music, literary work, art, invention, or design created by an individual or an institution, which is termed as their intellectual property, and the rights obtained by an individual or an institution on these creations are called intellectual property rights.

IPR speaker Dr Madhuranjan Vats informed the participants about the importance of patents for academicians, the government's encouragement policy for intellectual property rights, the Copyright Act, and the Indian process for filing patents. During this time, experts answered the questions asked by the participants. The Director General of Academic Development, Dr Vijendra Chauhan, encouraged participants to make the most of the workshop. He also distributed certificates to the participants.

The coordinator of the IPR Cell, Dr Yogendra Singh, mentioned that 50 researchers including faculty from medical, management, engineering, nursing, yoga science, bioscience, and pharmacy participated in the workshop. At the conclusion of the workshop, Dr Bhavna Pal expressed gratitude to everyone.

National workshop on 'Women Empowerment through S&T in Uttarakhand' begins at SRHU

By OUR STAFF REPORTER

DEHRADUN, 29 Mar: A two-day national workshop on the topic of 'Women Empowerment through Science and Technology in Uttarakhand' is being organised at Swami Rama Himalayan University (SRHU), Jollygrant.

The workshop, held with the cooperation of the National Academy of Sciences, India (NASI) Uttarakhand Chapter, saw Pan-India participation from experts. Speakers discussed the critical role of science and technology in empowering women. The workshop officially commenced on Friday at the seminar hall of Himalayan Institute of Medical Sciences under SRHU's Research Cell, with the lighting of the ceremonial lamp before the portrait of founder Dr Swami Rama. During the workshop, the Chief Guest, Padma Bhushan awardee and Chairperson of the National Academy of Sciences, India (NASI), Dr Manju Sharma, emphasised the pivotal role of women in families. She said that women's empowerment refers to enhancing women's spiritual, political, social, or economic strength across various fields. Over the years, women have overcome traditional mindsets and achieved excellence in sectors like education, medicine, engineering, information technology, biotechnology, nuclear science, space science, and many distinct areas within science and technology.

Dr Vijay Dhasmana, President of Swami Rama Himalayan University, who chaired the event, mentioned that respecting women is essential for a developed society. If science and technology are utilised correctly, women can become more empowered and self-reliant. Dr Dhasmana highlighted that employment creation in villages experiencing depopulation could be supported through science and technology, as the local economy relies heavily on agriculture, animal husbandry, and tourism. Here, science and technology can play a significant role in empowerment. The newly appointed president of the National Academy of Sciences, Uttarakhand Chapter, and Vice-Chancellor of Swami Rama Himalayan University, Dr Rajendra Dobhal, welcomed all the guests, stating that the objective of women's empowerment is being fulfilled through the development of science and technology. The special guest, Director General of Academic Development, Dr Vijendra Chauhan, noted that women have always held a special status in families, a status that has evolved over time.

Special guest Dr Paramjit Khurana outlined the programme's framework. Dr Bindu De, Drector of the Research Cell, thanked all the attendees. The event was attended by the University Registrar, Dr Mukesh Bijalwan, principals and faculty of all the university/s colleges. Dr Nildu Yadav, Dr Geeta Bhandari, Dr Nupur Joshi, Dr Praveen Tiwari, Dr Vivek Kumar, Dr Archana Dhasmana, Abhinav, Akanksha, and Dr Prashant Singh from DAV College, along with students, contributed to the workshop.

Speakers on the first day of the workshop included Dr Paramjit Khurana from Delhi University, Vice Principal of HIMS Dr Renu Dhasmana, Dr Meenu Gupta from the Cancer Research Institute, Dr Durga Toshniwal from IIT Roorkee, Dr Pratibha Jolly, Dr Garima Gupta, Dr Purnima Sharma, Prof Ranjana Pathania and Dr Shofia Khan.
