DESCRIPTION OF LOGO OF SWAMI RAMA HIMALAYAN UNIVERSITY

Symbolism of the University Logo

The University logo is a profound representation of its philosophy and values. The four-pillared structure rests upon an open book, symbolizing learning as the foundation of life. The pillars represent the four Purusharthas—Dharma (ethical living), Artha (material prosperity), Kama (emotional fulfillment), and Moksha (spiritual liberation)—signifying holistic education that nurtures moral, practical, emotional, and spiritual dimensions.

The Sanskrit motto “Yogaha Karmasu Kaushalam,” drawn from the Bhagavad Gita, means “Yoga is perfection in action,” embodying the ideal of acting skillfully, selflessly, and lovingly as advocated by H.H. Swami Rama. The lamp at the center signifies the light of knowledge dispelling darkness.

The swan, a symbol of buddhi (discriminative wisdom), reflects the University’s aim to cultivate discernment in its students. The lotus, rooted in the material world yet blossoming toward the light, represents spiritual growth, while its saffron hue denotes transcendence of the outer world.

The motto “Love, Serve, Remember” encapsulates Swami Rama’s teaching to serve humanity with love and awareness of the Divine unity within all beings. The shield signifies protection through knowledge in the eternal battle against ignorance.

Together, these elements embody the University’s mission—to enlighten minds, enrich lives, and empower individuals toward holistic excellence.

H.H. Dr. Swami Rama

A Journey from 'Finite to Infinite'

Gratitude

Swami Rama Himalayan University (SRHU) is proud to present its **Twelfth Annual Report**, reflecting the academic year **2024–25**. This comprehensive report encapsulates the University's multifaceted progress across research, teaching, innovation, and community engagement—capturing the vibrancy and dynamism of its academic environment. The achievements showcased herein are the collective outcome of dedication, hard work, and the invaluable contributions of our entire University fraternity.

We begin with our deepest reverence to **Gurudev, His Holiness Dr. Swami Rama**, whose visionary ideals laid the foundation of this institution. His mission—to serve those in critical medical, economic, and social need—continues to inspire and guide every facet of the University's endeavors.

Our heartfelt gratitude extends to the **Himalayan Institute Hospital Trust (HIHT)**, the Promoting Society of SRHU, for its steadfast commitment, guidance, and unwavering support, which remain instrumental in the University's continued growth and success.

We also express sincere thanks to our **Hon'ble Visitor, Lt. Gen. Gurmit Singh, PVSM, UYSM, AVSM, VSM (Retd)**, Hon'ble Governor of Uttarakhand, for his constant encouragement and leadership that has enabled SRHU to achieve new milestones.

A special note of appreciation is due to **Dr. Vijay Dhasmana, Hon'ble President**, whose insightful vision and dynamic leadership continue to motivate the entire University community to reach higher levels of excellence.

We gratefully acknowledge the invaluable support of the **Board of Governors, Board of Management**, and other statutory authorities for their consistent guidance in maintaining academic and operational distinction.

Our appreciation also extends to the **Regulatory Bodies**—including the **University Grants Commission (UGC)**, the **Ministry of Education (MoE)**, and the **Government of Uttarakhand**—for their continued mentorship and assistance throughout the year.

We thank all **University officers, Directors, Principals, Administrators, Heads of Departments, Faculty Members**, and **Non-Teaching Staff** for their dedication, teamwork, and contributions that have been pivotal to the University's achievements.

Finally, SRHU expresses its **heartfelt gratitude to every individual** who has contributed to its journey of growth, innovation, and service. Together, we continue to honor the legacy of H.H. Swami Rama—advancing knowledge, fostering compassion, and striving for excellence in all our pursuits.

Dr. Rajendra Dobhal

SWAMI RAMA HIMALAYAN UNIVERSITY WELCOMES YOU

VISION

To be recognized as a premier University through providing quality education and healthcare in a manner that is holistic and evolutionary.

MISSION

To transform lives by nurturing excellence in the creation and dissemination of knowledge through education, research, innovation and technology besides providing multidimensional humanitarian opportunities for social upliftment in accordance with the ideals of Swami Rama.

VALUES

- Integrity
- Excellence
- Inclusivity
- Compassion
- Altruism

Broad objective:

- *To provide for instruction, teaching, training and research in such branches of study as the University deems appropriate including medical sciences, dental sciences, nursing, pharmacy, paramedical and allied health sciences, science, engineering & technology, biosciences, yoga sciences, management, rural development, humanities and other branches of higher education.*

Specific Objectives:

- (a) To be an agency of change, fostering creativity, innovation & adaptability for advancement and dissemination of knowledge without compromising on quality.*
- (b) To strive for academic excellence, quality research and exemplary service to the community.*
- (c) To set international standards in delivery of education and pioneer viable alternatives to conventional learning.*
- (d) To formulate a policy based on quasi-market principles in keeping with the structural reforms responsive to industry driven demand and employability.*

EVOLUTION OF UNIVERSITY

Swami Rama Himalayan University (SRHU) was established by the **Himalayan Institute Hospital Trust (HIHT)**—the Promoting Society of the University—under **Section 2(f) of the UGC Act, 1956**, and enacted through the **Uttarakhand Act**. The University was founded to carry forward the legacy of its visionary founder, **His Holiness Dr. Swami Rama**, whose dream was to transform the barren foothills of the Himalayas into a thriving center of medical, educational, and social excellence. SRHU stands as a living embodiment of his vision to serve humanity through education, research, and healthcare.

SRHU offers education, training, and research opportunities across a wide range of disciplines, including **Medical Sciences, Nursing, Pharmacy, Allied Health Sciences, Science & Technology, Biosciences, Yoga Sciences, Management, Rural Development**, and other emerging fields of higher education.

As a **self-financed and ‘Not for Profit’ University**, SRHU operates on a sprawling **196-acre eco-friendly campus** equipped with residential, academic, and recreational facilities. Its academic strength lies in a team of dedicated intellectuals, academicians, and researchers who emphasize **skill development, professional expertise, and capacity building**—empowering students to pursue self-employment or create opportunities for others. The University remains steadfast in addressing societal challenges and driving transformative change through the power of knowledge.

Established in **2013**, SRHU began its journey with three constituent academic units:

- **Himalayan School of Science & Technology (HSST)**
- **Himalayan School of Management Studies (HSMS)**
- **Himalayan College of Nursing (HCN)**

In **June 2014**, the **Himalayan Institute of Medical Sciences (HIMS)** and its **1200-bed super-specialty teaching hospital** became integral parts of the University. Subsequently, programs in Biosciences and Yoga Sciences evolved into fully developed academic units with the establishment of the **Himalayan School of Bio Sciences (HSBS)** in 2017 and the **Himalayan School of Yoga Sciences (HSYS)** in 2022, followed by the **Himalayan School of Pharmaceutical Sciences (HSPS)** in 2023.

Today, SRHU offers a comprehensive spectrum of **Undergraduate, Postgraduate, Super-specialty, Fellowship, and Ph.D. programs**, reflecting its multidisciplinary and research-driven character.

Over the past **eleven years**, SRHU has witnessed remarkable growth driven by the commitment of its faculty and staff. The University has cultivated a **vibrant research ecosystem**, with faculty engaged in projects funded by national agencies such as **ICMR, DST, UCOST, NIPCCID, and RNTCP**, as well as through internal grants. Research outputs are published in **indexed national and international journals**, with a steady rise in publication volume each year. SRHU also provides **financial incentives** to promote faculty research and scholarly publication.

To strengthen academic excellence, SRHU extends **financial support** to faculty members for attending **conferences, workshops, seminars, and training programs**, both within India and abroad. Students are equally encouraged to participate in research under the guidance of experienced mentors, fostering early exposure to inquiry-based learning.

In its commitment to inclusivity, SRHU provides **tuition fee waivers** and ‘**Merit-cum-Means Scholarships**’ to deserving and financially disadvantaged students, ensuring that economic constraints do not hinder access to quality education.

Guided by the vision of **service to humanity**, SRHU continues to contribute significantly to the development of **Uttarakhand** and the nation. Through its integrated focus on **education, research, and affordable healthcare**, including **super-specialty services under one roof**, the University strives to advance public welfare. Its extensive **community outreach initiatives** further amplify its social impact by addressing pressing challenges and supporting underserved populations.

SOCIAL OUTREACH ACTIVITIES IN COLLABORATION WITH RDI

Rural Development Institute (RDI), SRHU

The Rural Development Institute (RDI) — the community outreach arm of Swami Rama Himalayan University (SRHU) — continues to translate the guiding philosophy of “Love, Serve, Remember” into tangible action. Through an integrated, multi-sectoral approach encompassing Health, Education, Livelihood, Water & Sanitation, and Disability Rehabilitation, RDI impacted over one lakh direct and indirect beneficiaries across the districts of Pauri, Dehradun, and Haridwar during 2024–25.

Health: Strengthening Continuum of Care

Health remained central to RDI’s mission, focusing on maternal, newborn, child, and adolescent health in alignment with NHM, INAP, and SDG-3.

Haridwar: 60 outreach camps served 1,756 women, with 3,204 home visits and support for 156 high-risk pregnancies. Millet laddoos from SHGs addressed malnutrition while fostering local livelihoods.

Dehradun: Capacity-building initiatives trained 204 ASHAs/ANMs, while 49 ASHAs completed SRHU’s certificate course.

AI-based Breast Cancer Screening: In partnership with CRI and NIRAMAI, 48 women were screened using *Mythri Thermalytix*; 236 participants were sensitized on early detection.

Telemedicine (Himalayan Sanjeevani Network): Over 2,501 consultations delivered specialist care to remote hill communities.

TB Elimination Initiative: 1,248 TB patients supported with nutrition kits and peer-led awareness campaigns.

Holistic Health: Yoga and mindfulness programs at Sadhaka Gram benefited 173 participants, with large-scale community engagement on International Yoga Day.

Education: Bridging Gaps and Empowering Futures

RDI’s education initiatives promoted access and holistic child development.

103 scholars received educational aid with a 100% promotion rate.

Aakhar Learning Centres reached 200+ children, including Gujjar tribal families, offering non-formal education, nutrition kits, and teacher training.

Supplementary programs included English and career workshops, art therapy, and a Children’s Retreat focused on yoga and meditation for emotional growth.

Livelihood and Skill Development: Building Economic Resilience

RDI enhanced rural incomes through climate-resilient agriculture, women’s entrepreneurship, and youth training. In Pauri, farmers produced 2,035 kg of turmeric, ginger, and millets under a buy-back model across 4.37 acres of reclaimed land.

82 youth trained in certified vocational courses; 15 women in tailoring; and 300 meters of handwoven fabric produced through the Handloom Unit.

The Waste Paper Recycling Unit generated 7,242 recycled sheets, 1,003 diaries, and 1,500 envelopes, reducing waste and creating green livelihoods for 300 families, aligning with SDG-8.

Water, Sanitation, and Environmental Stewardship

Aligned with SDG-6, RDI advanced sustainable water management and sanitation capacity.

389 stakeholders trained through national-level programs in Sikkim and Uttarakhand on spring-shed management, governance, and climate resilience.

Collaborations with ICIMOD, NIHE, and MoEFCC fostered transboundary knowledge exchange among 41 South Asian participants.

Campus and community campaigns such as Swachhata Pakhwada and World Water Day engaged 800+ students. Under Namami Gange, RDI conducted environmental and social audits of nine STPs across four districts, contributing to evidence-based water governance.

Rehabilitation and Inclusive Development

The Community-Based Rehabilitation (CBR) program reached 794 Persons with Disabilities (PWDs) through therapy, assistive devices, and skill promotion.

159 children benefited from SRHU's Learning Disability Clinic.

10 inclusive SHGs (five bank-linked) supported 17 PWDs in small enterprises.

30 disability certificates and 38 UDID cards facilitated access to government schemes.

Events like the International Day of Persons with Disabilities promoted inclusion, with motivational sessions by Paralympians inspiring 70+ participants.

Research, Advocacy, and Recognition

RDI strengthened its evidence base with five peer-reviewed publications and findings from the ICMR–NHM SANKALP Project, guiding neonatal health reforms. The approved NMHS Project on *Climate-Resilient Water Infrastructure* marked a step forward in climate adaptation research.

Advocacy initiatives such as International Women's Day (500 participants) and participation in the Uttarakhand Innovation Festival and Vasantotsav 2025 expanded RDI's outreach. The Institute received the Community Welfare Award for exemplary contribution to rural development.

The year concluded with the RDI Foundation Day Campaign, mobilizing communities across all sectors and culminating in an inspiring address by Padma Bhushan Shri Chandi Prasad Bhatt on Himalayan biodiversity and resilience.

WATSAN – COMMUNITY OUTREACH PROJECTS

The Department of WATSAN continued its impactful initiatives in 2024–25, focusing on integrated water resource management, climate-resilient infrastructure, environmental sustainability, and community empowerment across the Himalayan region.

1. Regional Training on Gender Equality and Social Inclusion (GESI) in Springshed Management

(Partners: International Centre for Integrated Mountain Development (ICIMOD), Nepal & G.B. Pant National Institute of Himalayan Environment, Uttarakhand, Government of India; Budget: ₹22,50,970; Received: ₹4,07,615 and remaining contributed by Partners)

SRHU organized a four-day Regional Training on GESI-responsive Springshed Management in the Hindu Kush Himalaya (HKH) from 29 January to 1 February 2025 in collaboration with ICIMOD, GBPNIHE, and supported by the UK International Development and Swiss Agency for Development & Cooperation. The program aimed to build interdisciplinary understanding and technical capacity in springshed management to enhance socio-ecological resilience. It was attended by 41 participants from 11 States/UTs of India and neighboring countries—Nepal and Bhutan. The training integrated field experience, hydrogeological assessments, and governance perspectives, emphasizing the crucial role of springs in sustaining mountain communities.

2. Namami Gange: Environmental and Social Audit of STPs

(Funded by State Mission for Clean Ganga, Namami Gange, Government of Uttarakhand; Budget: ₹21,68,870;)

SRHU undertook environmental and social audits of Sewage Treatment Plants (STPs) and I&D projects in nine locations across Haridwar, Tehri, Dehradun, and Nainital districts. The audit evaluated project impacts on local communities, sanitation, health, and river ecosystems, while assessing compliance with sustainable design and operational standards. The study provided critical insights for improving environmental management, identifying best practices, and ensuring long-term sustainability under the Namami Gange programme.

3. National Mission on Himalayan Studies (NMHS) Project

(Funded by G.B. Pant National Institute of Himalayan Environment, Ministry of Environment, Forest & Climate Change, Government of India; Budget: ₹1,01,00,000)

Research project on “Affordable Climate-Resilient Water Supply Infrastructure Prototype for the Indian Himalayan Region” was approved under the Medium Grant category of NMHS. The project aims to design a low-cost, prefabricated, climate-resilient water supply prototype equipped with graded filtration, tailored for Himalayan terrains. It addresses vulnerabilities such as erratic rainfall, glacial retreat, and landslides affecting communities, supporting adaptive water management and resilient infrastructure to safeguard mountain livelihoods. Developed prototype will be tested for sustainability in terms of quality, quantity, affordability, climate resilient in 5 Districts of Uttarakhand – Tehri, Uttarkashi, Rudrapur, Pauri and Chamoli.

4. Capacity-Building Trainings in Sikkim

(Funded by Rural Development Department, Govt. of Sikkim; Budget: ₹20,01,265)

Two residential trainings on Operation & Maintenance of Rural Water Supply Systems and Source Sustainability were organized at Gangtok (22–24 May and 27–29 May 2024). A total of 102 participants, including VWSC members, ISAs, Engineers, ASHAs, and AWWs, were trained on technical and participatory approaches for spring recharge and sustainable O&M practices.

5. State-Level Trainings in Uttarakhand

(Funded by State Water Sanitation Mission, Govt. of Uttarakhand; Budget: ₹39,82,000)

Seven batches of two-day residential Level-II training on “Change Management – Role of Public Health Engineers in Har Ghar Jal” were conducted between May and July 2024. 287 Engineers & Line Department officials participated, enhancing their capacity for efficient planning, monitoring, and implementation under the Jal Jeevan Mission.

Through its research, training, and field outreach, WATSAN continues to strengthen SRHU’s mission of promoting sustainable water management, sanitation, and climate resilience in the Himalayan region. Its collaborative engagements with national and international agencies reinforce the University’s commitment to sustainable development and community empowerment.

NATIONAL ACADEMY OF SCIENCES INDIA, (NASI) UK CHAPTER AT SRHU

The National Academy of Sciences, India – Uttarakhand Chapter (NASI–UK), in active collaboration with Swami Rama Himalayan University (SRHU), has been instrumental in organizing a wide range of science popularization programs and educational initiatives aimed at fostering scientific awareness and innovation across the region.

During the year 2024–2025, the Chapter functioned under the able guidance of Dr. Rajendra Dobhal, *FNASc*, Vice Chancellor, Swami Rama Himalayan University, who was appointed as Chairperson, NASI–Uttarakhand Chapter.

In line with the Academy’s vision to promote science for the benefit of society, the Chapter organized several impactful activities, outreach programs, and interactive sessions with students, teachers, and researchers, strengthening the spirit of scientific inquiry in Uttarakhand:

A grand ceremony was organized to commemorate the **29th Mahasamadhi Diwas of Dr. Swami Rama**, the revered founder of the **Himalayan Institute Hospital Trust (HIHT)**. The event brought together disciples, dignitaries, and well-wishers from across India and abroad to honor Swamiji's enduring legacy of love, service, and spiritual wisdom.

Anandmurti Guru Maa, Founder of Rishi Chaitanya Ashram and chief guest for the occasion, described **Dr. Swami Rama as a heritage of the world**, whose life embodied the true spirit of service to humanity. She recalled that Swamiji founded the Himalayan Institute in 1989 on the guiding principles of “*Love, Service, and Remembrance*”, and urged everyone present to contribute their ideas and efforts toward the progress of society and the nation.

Dr. Vijay Dhasmana, President of SRHU and Member Presidential Body of HIHT emphasized that HIHT stands as a *tapobhoomi* (place of penance) of Swamiji and continues to draw inspiration from his philosophy — “*Yogah Karmasu Kauśalam*” (Yoga is skill in action). He reiterated the Institute's commitment to carrying forward Swamiji's mission, placing the welfare of others at the forefront of all endeavors.

During the event, **Smt. Radha Bhatt**, President of Lakshmi Ashram, Kausani, was conferred the **Swami Rama Humanitarian Award 2024**. The award comprised a gold medal, a certificate of honor, and a cash prize of ₹10 lakh. Expressing her gratitude, she said that Swamiji exemplified the union of science and spirituality for social service, and that receiving an award in his name was a profound honor.

Additionally, **35 employees of the SRHU** were felicitated with the **Best Employee Award** for their dedication and exemplary service. The ceremony also saw the release of Swamiji's writings — *Samayama: The Power of Self-Transformation* and *WATSAN Imprints of Empowerment and Transformation – From the Himalayas to the Ocean* — along with the **Annual Calendar 2025**.

The program concluded with a community meal (*prasad sevan*) attended by hundreds of devotees. Earlier in the day, floral tributes were offered at the **Swami Rama Center**. The **vote of thanks** was presented by **Dr. Vijendra Chauhan**.

The solemn occasion was graced by **Swami Rithwan Bharti**, Head of Swami Rama Sadhak Gram Ashram; **Vice-Chancellor Dr. Rajendra Dobhal**; **Dr. Prakash Keshaviah**; and numerous disciples and followers of Swamiji from India and abroad.

ब्रेन एन्यूरिज्म की हुई सफल क्लिपिंग सर्जरी

जौलीग्रांट। हिमालयन अस्पताल के न्यूरोसर्जरी विभाग के चिकित्सकों ने ब्रेन एन्यूरिज्म की सफलतापूर्वक क्लिपिंग सर्जरी कर एक नया कोशिस सफल किया है। अस्पताल का दावा है कि दुनिया में पहली बार 6.3 सेमी के एन्यूरिज्म का सफल ऑपरेशन किया गया है।

ब्रेन एन्यूरिज्म डॉ. बृजेश तिवारी ने बताया कि देहरादून निवासी 17 वर्षीय युवक 15 दिनों से सिरदर्द और रुक-रुक कर हो रही उल्टी को शिकायत को लेकर उनकी ओपीडी में आए। इसके बाद उनके मस्तिष्क की एमआरआई सहित विभिन्न स्वास्थय जांचें कराई गईं।

नेतृत्व में डॉ. रंजीत कुमार और डॉ. संजीव पांडेय की टीम ने इस जटिल सर्जरी को सफलतापूर्वक अंजाम दिया।

क्या है ब्रेन एन्यूरिज्म

हिमालयन अस्पताल के न्यूरोसर्जरी डॉ. बृजेश तिवारी के अनुसार, एन्यूरिज्म मस्तिष्क की प्रमुख धमनी को टोकर से निकलने वाली गुच्छे जैसी सृजन है। एन्यूरिज्म को टोकर खाना धमनी को तुलना में कमजोर होती है। यदि एन्यूरिज्म फट जाये, तो मस्तिष्क में बहुत ज्यादा रक्तस्राव होता है। जिसके मौत हो सकती है। ब्रेन हेमरेज के सभी मामलों में से इस विशेष कारण को सबसे खतरनाक माना जाता है।

सर्जरी के बाद मरीज पूरी तरह स्वस्थ है। एसआरएफएच के अध्यक्ष डॉ. विजय धमना ने कहा कि दुनिया में अभी तक 6 सेमी से अधिक आकार के एन्यूरिज्म की सफल क्लिपिंग सर्जरी का रिकॉर्ड मॉडकल जर्नल में भी प्रकाशित नहीं है।

Harela connects younger generation with their roots: Dr Vijay Dhasmana

By OUR STAFF REPORTER

DEHRADUN, 16 Jul: On the occasion of the Harela festival, Harela, Swami Rama Himalayan University (SRHU), Jolly Grant, launched a 'Go Green Campus' campaign. During this event, various species of fruit-bearing trees including Jamun, Anla, Harad, Arjun, and Beheda, as well as flowering plants, were planted.

On Tuesday, a plantation drive was conducted on the SRHU campus. In his message, Dr Vijay Dhasmana, the president of the university, stated that the Harela festival symbolizes nature worship and environmental conservation. He emphasized that the survival of humankind depends on the safety of the environment.

President Dhasmana mentioned that the Harela festival also connects the younger generations with their roots. As the youth increasingly forget old festivals, Harela helps reconnect them with their heritage. Celebrating such festivals periodically helps the youth understand the importance of their culture and traditions.

The plantation drive was inaugurated by Vice-Chancellor Dr Rajendra Dubhal. He urged all members of the university family to consider environmental

conservation and cleanliness as their primary duty and to raise awareness about these issues.

On this occasion, Registrar Dr. Mahesh Bhatnagar, Director (Health Services) of Himalayan Hospital Dr. Hemchandra Prasad, Dr. S. J. Bhatnagar, Dr. Arun Kumar, Dr. DC Dhasmana, Rupesh Mehrotra, Principal Dr. Mohit Verma, Dr. Pramod Kumar, Dr. Ganesh Bhatt, and others were also present.

Knowledge of AI, data science & robotics vital for today's youth: Governor

PIONEER NEWS SERVICE ■ Dehradun

The governor lieutenant general (ret'd) Gurmit Singh said that knowledge of new technologies such as artificial intelligence (AI), data science and robotics is necessary for the youth. He said that by adopting these technologies, new opportunities for jobs and industries are developing rapidly.

He was delivering convocation address at Swami Rama Himalayan University on Monday.

He said that serving humanity is the duty of every human being. "Your education

is not limited to getting a job, it is also a powerful medium to serve the society. No matter in which field you work, do not forget your roots. You have challenges in front of you, but at the same time there are many opportunities too," he said.

Singh further said, "Technology is changing rapidly in this era. In the field of medicine, by the right use of technology, you can not only improve your future but can also play an important role in the progress of the country while serving humanity," he

said. The Higher Education secretary Ranjit Kumar Sinha, the chairman of the Swami Rama Himalayan University Vijay Dhasmana, vice chancellor Rajendra Dobhal, principals, faculty heads, students and parents attended the convocation.
